COMPLETE ASSOCIATED-PRESS-REPORT EVERY DAY IN THE YEAR

COLORADO SPRINGS GAZETTE

EXCLUSIVE ASSOCIATED PRESS REPORT SUNDAY IN COLORADO SPRINGS

NO. 7603 30TH YEAR. COLORADO SPRINGS, COLO., TUESDAY, NOVEMBER 26, 1901. TEN PAGES PRICE FIVE CENTS

HOME RULERS OF HAWAII

Pass Resolutions Urging the Removal of Governor Dole.

THE INSTRUCTIONS TO WILCOX

Congressional Delegate Is Directed to Work for the Re-enactment of Chinese Exclusion Laws.

(Correspondence of the Associated Press.)
Honolulu, Nov. 19, via San Francisco, Nov. 25. The case of Osaki Mankichi, in which Judge Estee issued a writ of habeas corpus after the Hawaiian supreme court had refused one, holding that majority verdicts in criminal cases were not legal in Hawaii after annexation, has been appealed to the United States supreme court. Osaki was convicted of murder without an indictment of a grand jury and by a verdict of nine trial jurors, after the passage of the Newlands resolution annexing Hawaii to the United States. Circuit Judge Gear held that such a conviction was illegal and the territorial supreme court over-ruled him, declaring that the American Constitution, as far as criminal proceedings were concerned, did not apply to the Hawaiian islands until after the application of the organic act. U. S. Judge Estee took the opposite view. He held that the constitutional rights of trial by jury and indictment by grand jury before trial were extended to Hawaii at once on the passage of the resolution by which the islands were annexed, basing his decision on the same grounds as Gear, that the Newlands resolution, indeclaring that laws of Hawaii "not contrary to the Constitution of the United States should remain in force, intended to abrogate such laws of Hawaii as were contrary to the Constitution.

Since July there have been two sporadic cases of bubonic plague in Honolulu. The cases were reported recently, but coming at about the same time. They are regarded as a result of the old epidemic and no quarantine measures have been taken. No such measures will be taken unless a large number of cases appear, as there is thought to be no danger of an epidemic. At a meeting of the Home Rule Republican party, as it is known, which was called to give a farewell reception to Delegate Wilcox, resolutions were adopted asking him to work for the removal of Governor Dole and denouncing Secretary of the Territory Cooper for having recommended at Washington that Chinese immigration into Hawaii be allowed. The resolutions against Dole were based largely upon his recent action in raising money for government purposes by borrowing it, under an understanding that the next legislature would repay the money. Dole took this course rather than call an extra session of the legislature, which the Home Rulers want.

The resolutions as adopted pledge Home Rule candidates in the future to repudiate any debts that the government may contract in this way and this action may interfere to an extent with the governor's plan to get money. The Home Rulers claim that he is usurping the powers of the legislature in thus raising money and calling upon a future legislature to appropriate it.

The party also instructed Delegate Wilcox, who was elected as a Home Ruler, to work for the re-enactment of the Chinese exclusion laws. The anti-Chinese resolution declares that while 90 per cent. of the Asiatics that are in the country came here to be plantation laborers, less than 5 per cent. of them are such, and the rest are in competition with whites and Hawaiians as mechanics and merchants.

The reports presented at the annual meeting of the Hawaiian Planters association yesterday show that this year's sugar crop will be about 300,000 tons. This is an increase of nearly a third over last year.

The dry spell in Hawaii has been broken by a remarkable rain storm. In 48 hours last week 30 inches of rain fell, and there were floods in many places. Little damage was done by the storm. In the city of Hilo a warehouse of Hackfeld & Co. was washed away, the loss being about $20,000.

NO CONCERTED ACTION BY EUROPEAN POWERS

By Associated Press.
Berlin, Nov. 25. The foreign office today sent for the representative here of the Associated Press and declared the announcement to the effect that the countries parties to the triple alliance were making a concerted demonstration in South American waters to be false. The informant of the correspondent said there had been discussion between Austria, Germany and Italy regarding common action in this direction. He admitted that each country had a fleet or warships in South American waters, but said they were acting entirely independently of each other and were merely protecting the property rights and lives of their subjects. It was further explained that Washington was fully informed concerning the intentions of Germany in this regard. The movements of German vessels in South American waters have been fully reported, as are the vessels destined to go out there. No other ships have been sent to South America.

Officials here in Berlin are of the opinion that the presence in the Caribbean sea of warships of the powers composing the triple alliance will have the desired effect without making necessary a resource to action.

MINNESOTA'S EFFORT TO PREVENT CONSOLIDATION

By Associated Press.
St. Paul, Minn., Nov. 25.—Attorney General Douglas, who returned home this evening, made the following statement in regard to the effort to be made to prevent the consolidation of the Northern and Northern Pacific companies through the medium of the Northern Securities company of New Jersey:

"I shall earnestly co-operate with Governor Van Sant in fighting any consolidation which is in violation of law and will do anything in my power to encourage fair legislation of a practical nature, either state or national, which is not calculated to preserve competition.

"The organization of this New Jersey corporation for the purchase of a controlling interest in the stock of rival railway companies—two of which cross and re-cross Minnesota—is a clear violation of the spirit, although not of the letter of the act of 1887, the validity of which was sustained by the supreme court of the United States in the Pearsall case. I am not in a position to discuss the remedies, but am under the impression that interference by the federal authorities based upon the Sherman anti-trust act and the inter-state commerce act is likely to bring about good results. It may be that litigation instituted by the state, seeking the cancellation of some unused railway franchises may be of slight assistance. Other proceedings of law which I feel it inopportune to discuss, may also be of value."

MURDEROUS ASSAULT AT TELLURIDE

Special to the Gazette.
Telluride, Nov. 25.—James Phillips, an steam fitter and plumber for the Smuggler-Union company was the victim of a murderous assault between 10 and 11 last night that nearly cost him his life. He had just stepped out of the Gold Belt dance hall onto the sidewalk when he was struck in the back of the head with an iron bar and felled to his knees, and then jumped on by several assailants. He staggered to his feet and breaking loose started to run and escaped without further injury, though he was shot through the right arm between the elbow and wrist, cracking the bone. He continued running. He says his assailants were Austro-Hungarian miners and that the attack was made without provocation or warning.

The coroner's inquest over the victims of last week's disaster in the Smuggler-Union mine finished hearing testimony today and the jury are deliberating on a verdict tonight. Sixteen witnesses have been examined.

EMPEROR WILLIAM IS READY FOR WAR

By Associated Press.
Berlin, Nov. 25. According to the Lokal Anzeiger, Emperor William, while addressing naval recruits at Kiel, said among other things:

"I desire war as little as did my departed grandfather, who, however, when war was thrust upon him, set off at the head of the army and shared in its hardships and dangers."

Prince Henry, expressing the hope that the recruits would be true to their oath to show themselves worthy of their fathers of 1870-71, the emperor said:

"If I must lead you in war you must not think that the emperor has not ordered well, for soldiers must often perform arduous service, but I have taken my soldier's oath like yourselves, and I must perform my duty like yourselves, each in his place."

LONDON COMMENT.

By Associated Press.
London, Nov. 26.—All the morning papers discuss South American affairs.

The Daily Telegraph says:

"The United States are acting in strict accordance with their diplomatic rights, but they may find it extremely difficult to adhere to their ideal program."

The Daily News says:

"All this plays straight into the hands of the United States and that energetic power has not been slow to take advantage of it by forceful acts which may at any moment develop into an occupation of the isthmus."

The Morning Post, which hardly expects the Isthmus squabbles to have any serious effect upon the relations of the great powers, says:

"Germany will not indulge in any special risks or exertions over a mere point of honor in the Venezuelan dispute. Without expressing an opinion on the abstract justice of the claim of the United States to control the isthmus, we believe no single power is likely to oppose it. The Monroe doctrine is hardly likely to be contested so long as the European powers are divided among themselves."

BALFOUR'S ILLNESS.

By Associated Press.
London, Nov. 25.—In consequence of alarming reports concerning the illness of A. J. Balfour, first lord of the treasury and government leader in the house of commons, his doctors have issued a bulletin to the effect that their patient is suffering from influenza, and cannot keep his engagements for this week.

MAGNATES PLAN TO OUST HICKEY

Six Western League Managers Held a Caucus.

HICKEY AND TEBEAU ABSENT

No Definite Statements Given Out But Burns Hints That Thomas Jefferson Will Strike a Snag.

By Associated Press.
Omaha, Nebr., Nov. 25. A party of six Western league baseball magnates held a meeting at the Grand hotel in Council Bluffs yesterday to form a plan of opposition to the program that President Hickey and Manager Tebeau are said to have mapped out and to consider the advisability of retaining President Hickey's services longer. Those present were Manager Beal of Sioux City, who holds the Minneapolis franchise; Vanderbrunt of St. Joseph, Flynn of Des Moines, Burns of Colorado Springs and Rourke of Omaha. The utmost secrecy prevailed and it was not until today that it was known that there had been such a meeting. The gathering was in the nature of a caucus and the ousting of President Hickey was discussed to considerable extent.

Most of the managers got away on last night's trains. Thomas Burns, who has recently acquired the Colorado Springs franchise, remained in the city, being interested in a mining suit here. He said today that it was impossible to give out the details of the meeting, but intimated that in all probability the plan of President Hickey for two circuits would be turned down. He said no action of this nature suggested by Hickey could be taken without unanimous consent which could not be secured. He said that neither himself or any of the others attending the meeting had received formal notice of the meeting to be held in Kansas City next week.

President William Rourke of the Omaha club said he had a guarantee that his club would be taken care of in the best league. He said his club had been among the most successful for the past three years and that he would insist on either having the league continue as at present constituted or that he be taken in in the larger league.

The minor Western league as planned by Hickey, it is said, include the towns of Denver, Colorado Springs, Omaha, St. Joseph, Lincoln and Sioux City, while the larger league would take in Kansas City, Columbus, Milwaukee, Toledo and some other larger cities of the middle states.

President Hickey and Manager Tebeau were in Lincoln yesterday, but what action was taken, if any, is not known.

ALL THE NEWS

Silver, 56; copper, $16.85@17; lead dull, $4.37½.

New York stock market showed strength during the early part of the day, but gave way to general weakness before the close and ended under active selling pressure; money on call easier at 3½@4½.

Strength in the coarse grains led to general bullish activity on the Chicago board of trade, December corn closing strong and 1c higher at 62½; wheat steady at a shade lower; oats firm at ⅛@¼ higher; provisions fairly active with higher tendencies.

LOCAL

Miss Emily Paddock of New York, organizer of the Girls Friendly Society in America, will address a public meeting of women and girls in Grace church at 3 o'clock this afternoon.

Concert by the Girls Glee club for the benefit of the Bancroft school in Colorado City was a success, financial and otherwise.

STATE

The Irish Nationalists now making a tour of this country have been obliged to cancel their trip to Denver owing to lack of time.

GENERAL

It is rumored that Bailey P. Waggener is to be general solicitor of the D. & R. G. with headquarters in Denver.

Negotiations are about completed for the surrender of the insurgent leader Samson, on Bohol island; this surrender will probably end the revolt there.

FOREIGN

A. J. Balfour, government leader in the house of commons, is confined to his home by an attack of influenza.

Lord Kitchener and Sir Gordon Sprigg, prime minister of Cape Colony, have reached an agreement under the terms of which the Cape Colony resumed the control of the colonial troops in 29 districts.

MINING

The mining stock market yesterday was spotty, and in spite of an advance in Elkton to $1.58½ and in Docter to 54½, there was much weakness developed. Gold Links declined to 12. Isabella to 36 and Portland sold down to $2.60.

The Wynn process of treating good ores and getting high values therefrom has been subjected to still greater skepticism by the fact that those who ship ore to the labratory in Denver are asked to pay for the gold as well as liberal treatment charges.

The Alta Mont Gold Mining company has issued a circular explaining the declaration of the stock dividend of 400 shares of Tenderfoot Cons. for every 1,000 shares of Alta Mont.

The Colonial Dames company has granted a lease on their Grace Darling claim to Colonel J. F. Topping, who will start in and do good development work on the promising claim.

At a special meeting of the Kimberly company held yesterday a large representation of the stock voted to reincorporate the company under the laws of Wyoming.

COLONEL DISMISSED FOR PERMITTING DUEL

By Associated Press.
Berlin, Nov. 25. German newspapers assert that Baron von Reisswitz has been summarily dismissed from the army by order of Emperor William. Baron Reisswitz was colonel of the regiment in which Lieutenant Blaskowitz, who was recently killed in a duel with a brother officer, had served. The action was taken because the baron did nothing to prevent the duel in which Blaskowitz was killed.

HAS MADE IT A THOUSAND

Colorado Springs Rounds the Four Figure Mark in the McKinley Memorial Contribution—Fund is Closed.

It is a thousand.

The McKinley memorial fund that has been raised by the people of Colorado Springs in response to the call of the Gazette, made at the request of the general national committee in charge of the raising of the general national fund, now amounts to $1,11 more than $1,000 and the fund is closed.

At 10:30 last evening the last contribution came in, it being a subscription of $10 from Mr. C. M. MacNeill. It completed the fund of $1,000 and made it a little more. There are still a few unpaid subscriptions, but considerably more than half of what was yet unpaid yesterday came in during the day and undoubtedly the rest will be received before this evening.

The general committee has issued a statement requesting the different states in the union to raise their proportionate share of the monument that it is desired to build and Colorado has been asked to raise the sum of $5,000. Colorado Springs has raised more than $1,000, the total, including the Elks' contribution of $100, which goes to the general committee through the hands of the grand lodge officers, being a little more than $1,100. This is an exceedingly handsome contribution for Colorado Springs, the city containing only one-thirtieth of the people of the state and contributing one-fifth of the money asked for from the state.

Colorado Springs never does things by halves, however, and there is probably no one in the city who will not feel a pride in the amount of the contribution, whether or not he has availed himself of the opportunity to help in raising it.

Colorado City and Manitou are still at work.

The following is the full statement:

Previously acknowledged cash	$889.61
Subscribed yesterday	
Foltz & Hardy	$2.00
Rudolph Heyse	.50
John Thompson Foltz	.25
Phil Strubel	.50
George S. Elston	2.00
Kaufman & Co.	2.00
Colorado Springs Trust company	5.00
Harold Collins Day	.50
Margaret Hutchinson Day	.50
Charles Soter	.50
Charles E. Noble	1.00
Henry Marucchi	2.00
W. H. McIntyre	1.00
Dr. O. W. Spicer	1.00
L. L. Aitken	1.00
W. W. Cowen	1.00
R. Ashby	1.00
Edgar Howbert	1.00
A. S. Blake	1.00
Frank Cotten	1.00
N. W. Terrill	1.00
R. J. Garlick	1.00
Phillip D. Wilson	1.00
T. J. Fisher	1.00
W. W. Postlethwaite	1.00
C. B. Ferrin	1.00
C. P. Q.	.50
Cash	1.00
W. T. Miller	1.00
W. J. Chinn	1.00
Partridge & Storer	5.00
W. S. Jackson	5.00
J. McK. Ferriday & Co.	5.00
Ira J. H. Sykes	1.00
G. G. Chin	1.00
W. W. Wood	1.00
Morris Townsend	.05
Marion Townsend	.05
Frank McK. Wilder	.05
Edwin Wilder	.05
Robert Wilder	.05
C. M. MacNeill	10.00
	$62.50
Received on subscriptions previously acknowledged	29.50
Still unpaid	19.50
Grand total	$1,001.11

In addition to the above fund, all of which has been subscribed to lists sent out by the Gazette, there will be nearly $200, if not fully that much, from the people of Colorado City and Manitou and the B. P. O. E. lodge of Colorado Springs. Postmaster Morgan of Colorado City has a list open at the postoffice and it now contains pledges amounting to something more than $50. In Manitou Postmaster Grafton has a list on which there are many names. The Elks of Colorado Springs, within a few days after the death of President McKinley, passed a resolution to donate $100 to whatever fund might be started for the purpose of erecting a suitable monument or other memorial to the life and great work of the martyred chief.

This will make the total amount of the contribution from Colorado Springs, Colorado City and Manitou probably all of $1,200, which will go a long way toward raising the $5,000 that the general committee asks from Colorado.

BALL TO BE AN ANNUAL AFFAIR

Charity Event for Glockner Relief Will be a Regular Feature of the Social Season.

The members of the Glockner Relief association were very generously represented at a meeting held last evening at the sanitarium.

While primarily called for the purpose of completing arrangements for the charity ball which is to take place at the Antlers on the evening of Thursday, December 5, the most notable feature of the evening was the impromptu statement made by Sister Rose.

Mrs. F. W. Goddard, president of the association, occupied the chair and at her urgent request Sister Rose spoke briefly of the work of the last year.

The members of the association feel that never was there a more consecrated and efficient supervisor of an enterprise than is this much beloved and respected woman at the head of the Glockner sanitarium. She is perfectly devoted to the aims and requirements of the work and since she assumed the management a year ago last September, wonders have been accomplished.

Sister Rose prefaced her remarks by expressing her pleasure that the meetings were held at the sanitarium, thus giving her an opportunity to be present. As this was very likely the last one for the year, she would like to say that while it was with a heavy heart that she came here and assumed the burden of responsibility, yet, having the hearty co-operation of the association, the yoke had become light.

The outstanding debt amounted to $12,075 last year at this time. It had been reduced over one-half by the profits from the bazaar, $1,07—lawn fete, $50, donations, surplus above current expenses, etc.—until now the debt was un even $6,000.

While there was a bed to offer, none had been turned away, whether able or not to pay for care, and of course much charity work had been done of necessity. During the summer, five or six a day had sometimes been turned away from lack of room, and last night there was not a vacant bed.

Continuing, Sister Rose said that in the name of the 52 guests under Glockner's roof last night, and in the name of the sisters whose work had been so lightened, she gave hearty thanks and collected the continued co operation of the Relief association. Having it, she felt sure that by 1903 ground would be broken for the much needed addition.

Sister Rose's earnest appeal moved the hearts of everyone present and they renewedly pledged themselves to the work. While the enthusiasm was at its height Mr. D. V. Donaldson expressed the sentiment that was re-echoed in the motion of Dr. J. A. Hart, which was unanimously adopted, namely, that the time had come to announce that the charity ball in Colorado Springs should be an annual affair, anticipated and entered into not only by those of this city, but by those residing in all parts of the state.

Mrs. F. E. Kernochan was appointed treasurer of the association, and after some discussion relating to final arrangements for the ball the committees were continued with power to act.

Tickets are being rapidly secured many purchasing whether intending to be present or not, since all philanthropic people have a desire to aid this very philanthropic object. The committee again wish to remind those receiving invitations to respond at once by filling in the slips enclosed to them.

POSTAL REVENUES.

By Associated Press.
Washington, Nov. 25. Third Assistant Postmaster General Edwin C. Madden in his annual report recommends the consolidation of third and fourth-class mail matter, an increase of limit of indemnity for loss of registered matter from $10 to $100 and that postal employes be made liable for the value of registered matter lost through their carelessness.

The total postal revenues for the year from all sources were $111,631,193, being $3,922,727 less than the expenditures. This is exclusive of the cost of transporting the mails over the subsidized Pacific railroads, that have not yet settled their bonded accounts with the government.

COAL FIELD FOR THE ROCK ISLAND

Florence Offers Inducements for Direct Line FROM COLORADO SPRINGS

Proposed Road to Go Via Beaver Creek and to Extend Into the Silver Cliff District.

Special to the Gazette.
Florence, Nov. 25. The Merchants' association has learned of 1,000 acres of coal land lying south of Florence which are valuable, and the city has known for years that the Rock Island railroad has desired to enter this place via Beaver Creek from Colorado Springs, and it is very probable that within a short time that line will be submitted a proposition to build in here.

The Rock Island people have been trying for years to secure coal land in this vicinity, as they have no coal bodies of their own. By building the road by the way of Beaver Creek, a cut-off of more than 45 miles can be obtained between here and the Springs.

When the proposition is submitted, the company will be asked to extend its line into the Silver Cliff mining and farming district.

J. MAURICE FINN TOLD OF PARTNERSHIP

By Associated Press.
Council Bluffs, Ia., Nov. 25. Without warning the plaintiff in the Doyle-Burns mining suit rested his case at 3 o'clock today. The last and most important witness of the day was J. Maurice Finn, who testified that he was attorney for Doyle and Burns during their early struggles in the mining regions of Colorado. Finn testified that the two men were partners, and that they employed him to assist them in ejecting jumpers from Bobtail No. 2 claim. On objection by counsel for the defense, Finn was not permitted to testify as to conversations between himself and Burns and Doyle at the time he claims to have been their attorney. Finn also testified that the location stake on the Portland claim was in Burns' handwriting and it was located in the name of J. Doyle & Co.

When the plaintiff rested, counsel for the defense admitted surprise at the sudden ending of his evidence and asked for time in which to prepare and present to the court motions to take the case from the jury and dismiss the plaintiff's petition, and the request was granted.

BRAVERY OF AMERICAN OFFICER NEAR CAVITE

By Associated Press.
Manila, Nov. 25.—Second Lieutenant Louis J. Van Schaick of the Fourth Infantry, while scouting with a few men of that regiment, met 150 insurgents who had attacked and sacked the hamlet of Siamea, near Cavite. Upon seeing the Filipinos, Van Schaick ordered his men to charge them. The command was obeyed and Van Schaick, being mounted, reached the insurgents 60 yards in advance of his men. He killed three of them with his revolver. An insurgent fired his rifle point blank at Van Schaick at four paces but missed. Lieutenant Van Schaick was then knocked from his horse. He then jumped to his feet and engaged in a hand-to-hand conflict with the enemy, using the butt of his revolver. He sustained two severe wounds, one of which nearly severed his wrist. At this point the others arrived and rescued him and put the insurgents to flight. Van Schaick is in the military hospital at Manila and is doing well. He has already been recommended for a medal of honor for bravery in a previous engagement.

General Hughes, commander of the department of the Visayas, reports that negotiations are about completed for the surrender of the insurgent leader Samson on Bohol island. This surrender will doubtless end the revolt against the American authority in Bohol, as Samson is acknowledged to be the best insurgent leader there.

EDDIE TOY WAS GIVEN THE DECISION

By Associated Press.
Pueblo, Nov. 25.—In a very rapid bout at the Rovers club tonight, Eddie Toy of San Francisco, was given the decision over Kid Bennett of Cripple Creek at the end of 10 rounds. Toy was much the better ring general and landed frequently but his blows seemed to lack force. The bout was refereed by Lew Wilson, a local newspaper man, who declared Toy the winner at the finish on points.

The preliminary was also a whirlwind fight and was a bloody affair. It was between Pat Malloy of Pueblo and Kid Richards formerly of Denver. Malloy was knocked out in the tenth round but Richards was covered with blood and very tired.

"WILD BILL" WON.

By Associated Press.
Louisville, Ky., Nov. 25.—"Wild Bill" Hanrahan of New York, won from Jimmy Handler of Newport, Handler throwing up the sponge in the eighteenth round.

Up to the 15th round either man stood a chance to win. In the third round Hanrahan was groggy, but the bell saved him. In the next round Handler was down for the count and again in the seventh round. In the 15th round "Wild Bill" was badly rattled and severely punished. Hanrahan recovered in the 14th and the three following rounds were all in his favor. In the 18th "Wild Bill" went in to finish his man, but before the end of the round Handler's seconds threw up the sponge.

STUDEBAKER FAILING.

By Associated Press.
South Bend, Ind., Nov. 25. Clem Studebaker is failing. His condition since yesterday has been far from encouraging. This afternoon he passed a few hours in sleep, but the latter part of the day he grew restless.

PROTECTING THE TRAINS

Marines From the Iowa Have Re-established Transit Across Isthmus.

FIERCE FIGHTING REPORTED

Insurgents and Colombian Government Troops Both Lost Heavily in Battle Near Empire Station.

By Associated Press.
Colon, Nov. 25.—An armed guard of marines from the United States battleship Iowa has re-established the transit across the isthmus and details from the Iowa's marines are now protecting each passenger train.

There has been fierce fighting at Empire station, on the railroad line between Panama and Colon, between the insurgents and the troops of the Colombian government with very heavy losses on both sides.

Yesterday morning at 10 o'clock the schooner Clapet and a railroad barge returned to Panama, bringing 350 men from Chorrera, being the remainder of Gratban's expedition. Great crowds gathered at the wharf to witness the landing of the soldiers. They were received with bands of music, but the music sounded mournful and the airs sounded more like a funeral march than the joyful strains of welcome to a victorious army. General Alban looked his usual and calm self and acted more like a man on whose hands time hangs heavily for want of something to do than one coping with grave responsibilities under trying circumstances.

At 3:30 yesterday afternoon at the head of several hundred men General Alban left Panama by train for Empire station, where the Liberals were reported to be in fairly strong numbers. His purpose was to surprise and rout them. The train bearing these troops was held up just before it arrived at Culebra station, owing to the Liberals opening fire on Alban's advance guard. Alban disembarked his men from the train which returned to Panama. The fighting at Culebra lasted from 4:40 until 9 p. m.

Rev. Messrs. Loveridge and Jacobs, Baptist and Wesleyan ministers, respectively, narrowly escaped being shot. Their house in Culebra was riddled with bullets.

The government troops advanced and the fighting was stubborn all along the railroad line until Empire station, a mile and a half distant, was reached. The Liberals retreated slowly, Alban's men following them until the latter eventually reached Matachin station. There General Alban met and conferred with Captain Perry of the Iowa, who was returning from Colon on an armored train.

It is understood that Captain Perry will not allow the railroad to transport troops, consequently General Alban and his men were forced to push ahead on foot. It is said here that they thus reached San Pablo, where the Liberals are in force, and that fighting is taking place there. The Liberals are under command of General Lugo.

Between the stations of Culebra and Empire over 150 killed and wounded men could be seen along the track. The sight was gruesome. There is no proper Red Cross corps, and the wounded lack care. The Liberals at Colon declare the majority of the men killed on the line to be Conservative troops and that the rebels are still in force along the railroad.

Three hundred of the Iowa's marines were landed at half past four yesterday afternoon at Panama to protect the property of the railroad and to ensure the continuance of transit across the isthmus. In government circles there is still entire confidence in General Alban and it is believed there that this Conservative general is capable to cope with the present situation.

It is estimated that the Conservative government has 400 men at Panama.

The breastworks on the railroad bridge that leads into Panama, as well as those erected inside the city, have been demolished by the government.

ADDITIONAL DETAILS OF ATLANTIC COAST STORM

By Associated Press.
New York, Nov. 25.—Reports of the damage done by the storm of Saturday night and Sunday continue to come in. Details from points on the Jersey coast, the southern coast of Long Island and the upper shore of Long Island sound show that the destruction was widespread and the monetary loss much heavier than at first supposed. Long Branch reports tonight show that hardly a building there escaped some damage. As evidence of the force of the wind, a plank about 20 feet long, seven inches wide and two inches thick was torn from the roof of the pier pavilion and blown across Ocean avenue. It struck Lenox hotel end-on and was driven into the side of the building to a depth of four or five feet.

The wreck of the tug Haddon at Long Branch is complete. The ship Flotbrek stands almost upright in the sand. The work of unrigging her commenced today. She will be unloaded as she lies. This will be comparatively easy. All that will be needed will be to back wagons up to her side at low water and load the cargo into them.

The wealthy New Yorkers who have summer houses on the upper shore of the sound today visited them to find wreckage and ruin in all directions. The shore improvements are in ruins, while the shade trees are laid low and extensive lawns piled high with sand and wreckage.

BOMBARDMENT OF COLON WILL NOT BE ALLOWED

By Associated Press.
Washington, Nov. 25.—It is pretty well understood here that there is to be no bombardment of Colon by either side. While Commander McCrea was given wide discretionary power and nothing was said to him about stopping the bombardment directly, nevertheless the state department established a precedent in these matters last year when it instructed Mr. Gudger to warn some insurgents at Panama that they would not be allowed to bombard that port. If the government troops on the Pinzon should persist in their purpose it is said the commanders of the various warships at Colon would require that ample time be allowed for the withdrawal from the town of all foreigners and that the attacking force, to escape restraint, would be obliged to direct their bombardment with such rare precision as to destroy the insurgent defenses without harming the railroad property or even without endangering the passage of trains, conditions probably not to be met.

The secretary of the navy today cabled Captain Perry of the Iowa to assume full command of all United States naval forces on both sides of the Isthmus in order to insure harmonious operations. Consul General Gudger's last dispatch, which came after 1 o'clock, was about as follows:

"Our troops have arrived at Matachin, one-half of the way across the isthmus. No obstruction and Colombian government seemed to be victorious over the insurgents."

Later advices, while showing the situation on the isthmus to be still unsettled, contain the information that free transit by the railroad has been re-established. These advices came in a dispatch received by Secretary Long from Captain Perry of the Iowa, who had made a trip across the isthmus from Panama to Colon, at which place he sent a telegram, an extract from which the secretary made public the following:

"Perry reports that free transit across the isthmus is restored and he returns to Panama this afternoon. The captain will leave a guard on each passenger train for the present."

The purpose of the guard presumably is to prevent interruption to the free passage of trains by insurgents concentrated along the line of the road.

Mr. Herran, the charge of the Colombian legation, is very well satisfied with the tenor of the advices which have come to hand today from Acting Governor Arjona of Panama, who reported that the rebel army, having been defeated at Culebra and Emperado, General Alban had now marched on Colon. His theory is that General Alban completely dislodged the rebel force which had rendezvoused at Chorrera, from which place Mr. Herran believes they retreated to Culebra and Empenado, where they again took a stand. Their defeat at these places, Mr. Herran says, leaves General Alban free to march to Colon. Mr. Herran thinks that General Alban has now at least 1,000 well equipped and thoroughly armed men, besides which 500 men are on board the Colombian boat Pinzon, now at Colon. Mr. Herran asserts that the rebels have not at the outside more than 500 men.

SWITCHMEN AT PITTSBURG HAVE DECIDED TO STRIKE

By Associated Press.
Pittsburg, Pa., Nov. 25. The switchmen on seven railroads of Pittsburg have decided to strike at 6 o'clock tomorrow morning. At a meeting of the Brotherhood of Switchmen tonight which was attended by about 600 members, this action was decided upon, and the result of this meeting can only be conjectured. In anticipation of possible trouble it is learned that the Pennsylvania railroad has made application to the city for 60 officers to be on hand in the Union station yards at 6 o'clock tomorrow morning and in the P. C. C. yards fully 100 Pinkerton men are on duty today and tonight.

The claim made at the switchmen's meeting tonight was that 700 to 1,000 men would obey the strike order in the morning. The estimate was that in the Union station yards of the Pennsylvania 138 men would go and others at Pitcairn would go out, and that the brotherhood in the B. & O. and Lehigh would go out solid. It was also claimed that the Fort Wayne and Panhandle men would lend a helping hand.

The demand of the men is that the Chicago rate be paid. This rate is 27 cents an hour for day conductors and 29 cents for night conductors of switch engines; helpers 25 cents day and 27 cents night. The Pittsburg rate at present is 23 cents for day and 26 cents for night conductors; 19 cents day and 20 cents night for helpers.

Grand Master Hawley of the Switchmen's union, is expected here tomorrow to conduct the strike.

STARVATION IN THE YANG-TSE VALLEY

By Associated Press.
Washington, Nov. 25. John Goodnow, consul general at Shang-hai, reports to the state department that over a half million of people in the Yang-tse valley will starve this winter unless they get help from outside. A committee of foreigners and Chinese has been formed in Shang-hai to relieve the conditions of these people and all foreigners in China are subscribing liberally.

Contributions may be made through the British consul at Shang-hai, P. J. Warren, who is chairman of the relief committee.

NEWS NOTES FROM DENVER

Police Officer Dismissed From the Force---Hope for Just Freight Rates.

Denver Bureau
Colorado Springs Gazette

Denver, Nov. 25.—Among the articles of incorporation filed with the secretary of state today were papers for the Schloss & Eye Realty company of Colorado Springs. The new company will have a capitalization of $10,000. The directors are S. R. Schloz, L. P. Schloz, C. W. Eye, E. T. Eye.

The fire and police board today discharged Policeman Clanton. He is the officer who arrested Miss Kilker and had her sent to the police station. The board dismissed him because it is claimed he offered to allow her to go for $5.

Charles H. Bull was terribly burned in his room at the Beaver block this morning. He was lighting a gasoline stove, when it exploded. It is not thought that he can recover. He is an old soldier and has lived in Denver 11 years.

Frank Sposato has been acquitted of the murder of an Italian named Lotto. The murder was the result of a night in the river bottom last March. It was during this trial last week that the principal witness for the prosecution admitted that he had falsely testified.

F. J. Dunlavy, secretary of the fire and police board, received a letter today from John R. Redmond, the Irish leader, who is now visiting Michigan, in which he says it will be impossible for him to come to Denver, as has been expected, during his American trip. Mr. Redmond is accompanied by Thomas O'Connell and Patrick A. McHugh. Denver was formerly on the itinerary of the trip, but for want of time that part of the trip had to be abandoned.

Henry Heleman of Rocky Ford raised 50 tons of sugar beets on three acres of ground which tested 24 per cent, sugar. The ground netted him $60 per acre.

Secretary Stonaker of the State Board of Charities and Correction has addressed a circular letter to the charitable citizens of the state, asking them to contribute something in the way of the necessities of life for the poor and helpless who are confined at the state institutions and thereby give them a happy Thanksgiving. He makes the point that in Colorado Springs, Pueblo and Denver there are suitable societies established for the relief of this class of people and he requests the entire population of the state to assist in some way.

George Bennker, a convict who was released from the penitentiary last night at midnight, was arrested at the union depot at 7 o'clock this morning, just as he was alighting from a train from Canon City, and was charged with stealing three canes from another prisoner at the penitentiary. Bennker strongly proclaimed his innocence. Later in the day Chief Armstrong was notified to release the prisoner, but to keep the canes.

The chamber of commerce today received a letter from the secretary of the committee of the interstate commerce law convention which will give the business men of this state hope to believe that something will be done that will result in the passing of a law compelling the stopping of discrimination against Colorado in freight rates. A law is being drafted which, if successful in its passage, will give the commission a large amount of power.

Judge Mullins today denied that a railroad employe cannot be accused of contributory negligence when injured by a fellow servant. The judge said: "I am not a full knowledge of its location." The opinion was rendered in the case of Adella Burchard against the D. & R. G. R. R. Co. for $500 for the death of her husband. He was a fireman on a train and was killed by being struck by a mail bag crane while he was looking out of his window. When the evidence for the plaintiff was completed, the defendant asked the court to instruct the jury to bring in a verdict for them on the ground of contributory negligence. This the court refused to do, and in a lengthy opinion, held that the company must prove that the deceased knew where the mail crane was located.

S. H. Schwitte, an attorney, became very abusive towards the opposite counsel in Judge Mullins' court this morning and the judge ordered him to leave the court room and never return. It may be that other steps will be taken against the man.

"Joan of Arc" cantata at Opera house tonight.

CRIPPLE CREEK NEWS NOTES

Chamber of Commerce Advise Defeat of Wade Franchise---Deeds Filed for Record.

Cripple Creek Bureau
Colorado Springs Gazette

Cripple Creek, Nov. 25.—There was a well-attended meeting of the chamber of commerce at the Mining Exchange building tonight and important action relative to the suspend granting of the Wade electric light franchise was taken. At the meeting President H. L. Shepherd presided for a few minutes, and when the franchise proposition came up for discussion, resigned the chair to Charles N. Miller. The committee appointed to investigate the financial backing of J. E. Wade and associates, reported very unfavorably. J. G. Kite, the chairman of this committee, recommended that Mr. Wade be required to furnish a bond of $25,000 to show his good faith in the matter. The committee found that the franchise required that Mr. Wade commence the construction of his power plant in Cripple Creek within 60 days after the franchise had been passed, but that all time in which the franchise might be tied up in the court was excluded. The committee further found that the rates were absurd in relation to the expense that the company would have to go to to produce the light. The reading of this report created quite a little discussion, and some feeling was manifested between the members of the body. Col. D. F. Montgomery did not think it was right that Mr. Wade should be required to furnish a $25,000 bond, but at the request of several members he presented the following resolution as a substitute for the report:

"Whereas, the undersigned directors of the chamber of commerce recommend the following resolution to the chamber of commerce:

"Whereas, We are unable to find any evidence that the Wade electric light franchise has any financial backing, and

"Whereas, We believe the approval of the ordinance at the next election on the 29th inst. would complicate the franchise matters of the city; therefore, be it

"Resolved, That the chamber of commerce recommends to the voters that this franchise be defeated at said election." Signed.

"F. D. Drake,
"M. Glauber,
"Bruno Hebbs,
"T. P. Abbott,
"Jas. Schilling,
"J. M. Slusser,
"Charles N. Miller,
"J. E. Arthur."

This resolution caused a great deal of discussion, but was passed by a vote of 31 to 7. A committee of three consisting of H. Ferguson, Charles Boyd and A. W. Interlied was appointed whose duty it shall be to appoint watchers for the polls at the special election to be held on Friday, Nov. 29. President Shepherd reported that progress was being made in the 5 o'clock closing movement.

The Teller County Bar association held a meeting this afternoon in division 2 of the district court. The question of a library was considered, and a motion was carried that the fees allowed by the court to lawyers who are members of the association, in indigent criminal cases, be given by these attorneys to the library fund. The library is to be established in the district court. Three new members were admitted to the association.

Upon an examination in the district court, given in the case of E. C. Newcomb versus the Cripple Creek Home Mining company, Sheriff Stewart took possession of the gold and franchise of the company at auction. The plaintiff in the case bought in the holdings of the defendant company for $2,851.15. Mr. Newcomb will secure a sheriff's deed to the property on August 26, 1902. The defendant company held a franchise from the city to mine under the streets and alleys of Cripple Creek. The company has done quite a little work.

The articles of incorporation of the Colorado Mines Consolidated company, capitalized for $2,000,000, shares $1 each, were filed with the county clerk today. The operations of the company are to be carried on in Teller, Gunnison, Summit, Saguache and Hinsdale counties, with the principal office at Colorado Springs. The directors are John McCoy, C. F. Hickey, H. C. Shinn, N. C. Sheldon, J. H. Glezen, J. B. Cunningham and C. H. Buschner.

Among the deeds filed for record today were the following: A. A. Tanner, attorney in fact for M. C. Adams, to George G. Richmond, the Benjamin, Albert, Fred H. and Bluebell lodes, claims, $100; George Smiley to Hettie T. Smiley, lots 25, 30, 31 and 32, in block 20, Victor, $1,200, and lot 7, block 5, Little Montana addition to Victor, $2,000. George Q. Richmond to A. A. Tanner, the Benjamin, Albert, Fred H. and Bluebell lodes, $100.

The Philippine Gold dredgers, M. Coy, filed suit in the district court today against H. J. Buse, et al. This is an adverse suit, the plaintiff suing for that portion of the Henrietta lode in conflict with the Hillside lode, together with $100 damages and $100 expense.

Amended articles of incorporation were filed this morning in the county clerk's office by Warren Woods, president, and F. M. Woods, secretary, of the Gold Coin Extension Mining company. The amended articles provide that the capital stock of the company shall be 600,000, shares $1 each.

County Judge Price set the docket for the December term of the county court today. The docket includes 49 cases, and the majority of them will have been disposed of by December 11. There are but four criminal cases on the docket.

John Lamb, who lives on Four Mile creek, was arrested early Sunday morning, by Under Sheriff Harrigan, and Deputy Mesny, upon the charge of disturbance. He is threatened to kill his wife and two daughters with a butcher knife. They sought the protection of neighbors who notified the sheriff's office. Lamb fought the officers from the time he was arrested until he was placed in the county jail.

Out of town arrivals at the National hotel today were: Henry Hilton, D. B. Lewis, H. P. Krueger, S. C. Kilsey, A. A. McClure, W. G. Lutz, F. C. Matthews and J. E. Paulsch of Denver; Charles Sprague of Colorado Springs; Harry A. Brown and wife of Aspen; L. L. Hallett and wife of Hyandis, Mass.; D. A. Cannon and C. W. Tingley of Florence; C. W. Martin and W. F. Uttendorf of Glenwood Springs, and C. E. Alexander of Canton, O.

NEWS NOTES FROM PUEBLO

Business Men's Association Will Give a Smoker This Evening---New Match Factory.

Pueblo Bureau
Colorado Springs Gazette

Pueblo, Nov. 25.—Invitations are out for a smoker to be given by the Business Men's association Tuesday evening at the rooms of the association in the Central block from 7:30 to 11 o'clock. Good cigars, music and refreshments are on the program. "Come and bring a friend, and especially any new friends get better acquainted and have a good time," is the way Mr. John W. Lawton words it in the invitation.

The casing which collapsed four feet from the bottom in the Colorado Oil Well company's well, has been removed and work will commence again at once. The well is now down only about 165 feet, and the drill is in red rock. It is expected that oil sand will be struck next.

Pueblo was never crowded in ordinary times as it is now. The rooming houses are nearly all full and there are few if any vacancies in the office buildings.

Mr. J. Floreschein, manager of the new match factory, has secured the old power house in the Grove as the location for the plant. It will provide room for employment of 100 hands, and a day and night shift can be put on if the business requires. It is considered that the location is an exceptionally good one.

The funeral of Joe W. Colwell took place yesterday afternoon from the corner of East street and Union avenue, and was largely attended by the striking switchmen.

Russell Harding, first vice president and general manager of the Rio Grande & Missouri Pacific, is expected here in a day or two to look after the Gould interests.

GRAND JUNCTION

Special to the Gazette.

Grand Junction, Nov. 25.—David T. Clark and son Walter have brought their crop of sugar beets down from Gunnison county to winter them in the Grand valley, northwest of this city. Five thousand were brought here in narrow gauge cars and unloaded. Mr. Clark found out that both time and money could be saved by this means of transportation. During the past summer Mr. Clark has disposed of 20,000 head of sheep in the Chicago market.

The factory of the Colorado Sugar Manufacturing company will close down this week for the season's run, having finished converting the crop of sugar beets raised in the Grand Valley into granulated sugar in just 22 days. This is the shortest run made since the factory was erected three years ago.

A. B. Wells sold a 40-acre orchard in the Redlands district the past week to Stephen Yoder of Homesville, Nebraska. S. N. Walling also disposing of his fine orchard northwest of the city to William Haworth, a recent arrival in the valley.

The parents of Mrs. W. S. Wallace will celebrate their golden wedding in Chicago on December 12, and Mr. and Mrs. Wallace will attend the ceremony.

Mr. Hill Smith, Jr., has purchased the Hummer grocery, which has been possession.

The Woman's club met at the home of Mrs. Frank Dyer, yesterday afternoon. A musical and art program was carried out and a very enjoyable meeting was the result.

Mrs. Mead, Mrs. Horace T. DeLong entertained 50 friends Friday evening at their home on Ouray street, in the north part of the city.

Rev. J. E. Wirth, president of the Presbyterian college at Del Norte, occupied the pulpit of the Presbyterian church Sunday. At the present time the church is without a pastor and the officers are anxious to secure the Rev. Mr. Wirth as their regular minister.

Memorial services will be held in this city next Sunday morning, at the Park opera house, by the lodge of Elks. A special prepared program has been arranged. E. N. Brunting, editor of the Daily Sentinel, will be the speaker of the day.

The lodge of Redmen of this city will hold their fifth annual ball and banquet at the Park opera house on Friday evening, December 13. Great preparations are now going on.

The Citizens band will give a social and Thanksgiving ball at the armory Wednesday evening, and on Thursday evening Alexander's band will hold their ball at the same place.

The ladies of the Episcopal church will hold a bazaar and ball at the state armory on the evening of December 6.

FLORENCE

Special to the Gazette.

Florence, Nov. 25.—A party of oil well drillers, consisting of Messrs. McCoy left today for Colorado City to assist in the drilling operations to be prosecuted by the Portland G. M. Co.

Work will soon be started at the Rocky Mountain Smelter today, and lead bullion is being made. President Hersh of Crescent, Inc. states that the plant is now able to take care of all ore that may be offered, and that it will be operated independently of any other smelter in the district. Charles Chatel of Pueblo today uniteed upon his duties as assayer there.

John B. Davis of Cool Creek, one of the oldest settlers in this county, died at his home yesterday, having located there about 25 years ago. The funeral will be held under the auspices of the G. A. R. today.

It is thought that the work on the new cement plant will be commenced in a few days, the plans for the same being finished. W. F. Hall of New York was there today to close contracts with the Portland Cement company to install the machinery in the works.

The grocery firm of Simms & Warrell has made an assignment in favor of the Shields-Morley Merc. Co. of Colorado Springs. The bankrupt firm has been succeeded by J. Keller.

TO CURE A COLD IN ONE DAY

Kauffmann's

NEWS NOTES FROM VICTOR

Victor Bureau
Colorado Springs Gazette.

Victor, Nov. 25. The police tonight arrested 18 boys in this city for breaking the curfew ordinance. The boys range from 8 to 16 years of age, and were arrested on Victor avenue. Circus rings here at 9 o'clock.

The case of Mrs. J. C. Tatman vs. Mrs. Mary Campbell was resumed in Justice Corbin's court this morning. Mrs. Tatman sues to recover $120 alleged to be due her for services as a domestic. After hearing the evidence, Judge Corbin returned a verdict awarding the defendant judgment for $54.

The skating rink at the corner of Fourth and Victor avenue is all ready for operation, but the cold weather refuses to materialize. However, with the first cold snap the rink will be flooded and there promises to be good skating during the rest of the winter.

Work upon Victor's new opera house has been stopped for the present because of the non-arrival of the structural steel from Pueblo. It is reported that this steel is now on the road, and when it arrives the building will be pushed to completion.

GOLDFIELD

Special to the Gazette.

Goldfield, Nov. 25. Michael Murphy had his foot dislocated while at work in the Vindicator No. 1 yesterday. Dr. Shepard is in attendance. Mr. Murphy will be laid up for two or three weeks.

Mrs. Walter McGill has returned from Colorado Springs, where she has been visiting friends and relatives.

R. B. Ingraham will move into his new home in the Cunningham addition to Victor in a few days.

Miss Mary Dandridge left today for her home in Grand Junction, after a pleasant visit here with friends.

The volunteer fire department will give a social ball on Thanksgiving night at Clark's hall. This affair gives promise of being the event of the season.

J. H. McLean has moved to Cripple Creek to reside permanently.

"Joan of Arc" cantata at Opera house tonight.

CHINESE INDEMNITY.

By Associated Press.

Paris, Nov. 25. The chamber of deputies today, by a vote of 295 to 249, adopted the sum of 25,000,000 francs for the Chinese indemnity loan, rejecting the smaller sums proposed by the anti-Clericals.

The premier, M. Waldeck-Rousseau, in the course of the discussion, declared that the government would make no distinction between those who were entitled to indemnities but would pursue in the far east France's traditional policy and fulfill all the duties of her protectorate just as she claimed all its rights.

THE SEMPLE JURY IS DIVIDED IN OPINION

By Associated Press.

Philadelphia, Nov. 25.—The jury in the trial in the United States district court of John L. Semple, the lawyer of Camden, N. J., charged with aiding and abetting counterfeiters in the making of spurious $20 notes in prison, went out at 11 o'clock this morning and at a late hour tonight had not agreed on a verdict.

At 5 o'clock this afternoon the jury came into court and the foreman told Judge McPherson that the jury could not agree and asked that it be discharged. One juror stated to the court that a month's consideration would not change the opinion of several of the jurymen. Another juror complained of illness and wanted to be relieved from duty, but the court refused his request and sent the 12 men to their room with instructions that they must agree. If they should come to an agreement during the night the verdict will be sealed and opened in court tomorrow morning.

HEISTAND INQUIRY.

By Associated Press.

Washington, Nov. 25.—The inquiry into the charges preferred against Major H. O. Heistand was resumed by the senate committee on military affairs today. C. W. Ford, appointment clerk of the war department, testified to the appointment of Major Hawkes as inspector in the Philippines customs service. Major H. B. Jackson telegraphed that he would be here Tuesday afternoon. While Senator Lodge was testifying, the chairman, under Mackey, counsel for Major Hawkes, conversed with his client. The senator commanded silence and this led to a short debate between the chairman and counsel. The committee held an executive session and decided to hear arguments Friday afternoon at 4 o'clock. The committee then adjourned until Wednesday, when it is proposed to close the testimony.

MRS. BONINE'S TRIAL.

By Associated Press.

Washington, Nov. 25.—The trial of Mrs. Lola Ida Bonine for the murder of James Seymour Ayres, Jr., at the Kenmore hotel last May began in real earnest today. The preliminary details as to the finding of the body, the location of the fatal shooting, etc., were all within the conclusion of the testimony of J. F. Drew, the capitol policeman, who was on the stand when the court adjourned last Friday. Hooker, the man who saw Mrs. Bonine descend the fire escape, Hopkins, who roomed over Ayres and raised the first outcry, Miss Wollums, who roomed under Ayres, and Miss Lawless and Miss Minus, who roomed on either side of him, testified today. The two latter were regarded as star witnesses, but they testified to no facts not developed at the inquest.

Mrs. Bonine remained unmoved throughout the trial today.

UNCAUGHT ACCOMPLICE OF BRESCI SENTENCED

By Associated Press.

Milan, Nov. 25. Louis Grannoti, an accomplice of Bresci, the assassin of King Humbert, was today sentenced to life imprisonment at the assizes.

Grannoti has not yet been captured.

R. WOOD'S TOWNSITE APPLICATION CONTESTED

By Associated Press.

Guthrie, O. T., Nov. 25. The application of James R. Wood, who drew lots, I claim in the government land lottery, to commute his entry for townsite purposes, has been contested on the ground that the application was not made in good faith, that the provisions of the act of May [illegible], 1896, do not apply to the town county, the entry adjoins [illegible] and that Wood would be [illegible] an additional mile of a townsite within the meaning of the law, that he has not resided on the claim [illegible]

The protestants ask that the application to make commuted proof and cash entry be rejected and the right be denied Mr. Wood to prove up his entry as he desires to do.

WAGGENER MAY BE TRANSFERRED TO DENVER

By Associated Press.

Topeka, Kas., Nov. 25. There is a rumor that President Gould of the Missouri Pacific and kindred railways contemplate the transfer of Bailey P. Waggener to the Denver & Rio Grande with headquarters at Denver. Mr. Waggener is at present general attorney of the Missouri Pacific for Kansas, Colorado and Nebraska, excepting the Fort Scott & Wichita in Kansas. At Denver he would be general solicitor of the Denver & Rio Grande system.

THE LEWIS AND CLARK CENTENNIAL, PORTLAND

By Associated Press.

Portland, Ore., Nov. 25. Canvassers for subscriptions to the Lewis and Clark centennial, which it is proposed to hold in this city in 1905, started out this morning and it is understood tonight that practically the entire capital stock of the corporation, $500,000, is secured as the result of a single day's work. The committees which have in charge the matter of soliciting funds, have made no report, but it is known that the amount already subscribed and that which foreign corporations are expected to contribute will equal, if not exceed $500,000, the capital stock of the Lewis and Clark corporation. The committees will make a report Wednesday night and many of the large subscribers express the belief that the amount of money pledged at that time will greatly exceed $500,000.

PASSENGER AGENTS

By Associated Press.

Omaha, Nov. 25. A party of 15 members of the Association of Traveling Passenger Agents on their way home from the Los Angeles convention arrived in the city today and were shown the points of interest. They made a fast run from Denver, covering the distance in a little over 32 hours. The regular running time is 34 hours. The train, which was decorated in sumptuous style, was transferred to the St. Paul road and left for Chicago tonight.

DANGEROUS ICEBERGS.

By Associated Press.

St. Johns, N. F., Nov. 25. Four large icebergs are today visible from this port. They are drifting south in the track of the Atlantic shipping. Icebergs have never before been known to pass here so late in the season. Their presence is consequently all the more dangerous to ocean steamships, because, which do not expect to find icebergs on the grand banks.

SECRETARY OF AGRICULTURE DEALS WITH IRRIGATION

By Associated Press.

Washington, Nov. 25. The annual report of Secretary of Agriculture Wilson tells of the great growth of all branches of the department's work. The secretary suggests that it might be well for this country to follow the example of Great Britain and exclude live stock from other countries entirely.

The secretary points out the serious evil resulting from a system of state inspection which, if it became general would effectually prevent the marketing of live stock in some sections, and would destroy much of the usefulness of the federal inspection. He regards the present conditions as so menacing to the interests of the cattle industry that the secretary suggests that it might be well for this country to follow the example of Great Britain and exclude live stock from other countries entirely.

Girls Glee Club Made a Big Hit

An audience which filled the Methodist church of Colorado City assembled last evening to listen to the first recital of the Girls Glee club of the Bancroft school. The club was led by Miss Maxfield and was ably assisted by Miss Gilbert as pianist, and Miss Annie Roberts as vocal soloist.

From the first number, "The Recessional," the audience was captured by the work of the young ladies. "Coming Through the Rye" and "The Miller's Song" were particularly well rendered and were enthusiastically received. The piano solos of Miss Gilbert were finely executed and drew much applause from those present. Miss Roberts' work was of a high order, as she was in good voice and her two well-chosen selections showed that the position which she has attained as a soloist in the past few months has been well-earned and that greater things are in store for her in musical attainment.

The concert was given for the benefit of the Bancroft school and netted a neat sum for the project.

Gun Club Will Shoot for Turkeys

The members of the Colorado City Gun club are planning to have a shoot at the grounds north of Colorado City on Thanksgiving day, commencing at 9 o'clock in the morning. Prizes consisting of turkeys, merchandise and sporting goods will be contested for and the members are figuring on having a good day's sport.

Everybody who is interested in and enjoys trap shooting is invited by the club to participate, the only charge being for the birds which will be at the rate of one cent each. As this is the first shoot that the club has had in the past three or four months and the club has between 30 and 40 members, it is expected that there will be a large crowd in attendance.

RODE BETWEEN CARS AND WAS HURT

George Adams, a young man about 21 years of age, was injured by a trolley car in Colorado City Saturday evening, being thrown from his wheel onto his head and being crushed between two cars.

Adams, who is a brother of Alex Adams, the real estate dealer of Colorado Springs, and who lives in this city with his mother, is said to have been riding his wheel behind a west-bound car and, noticing the approach of an east-bound car, started to ride out on the side of the car nearest the tracks upon which the east-bound car runs. The result was that Adams found himself caught between the two cars. His wheel was caught and broken and he was bruised and crushed. It was feared that concussion of the brain might result, but Mr. Adams was reported to be much improved yesterday and the results of the accident will probably not be serious.

The services of the car company's physician, Dr. Estill, were tendered and accepted and the wounds were dressed by him in the absence of Dr. Berry, the family physician. Dr. Estill states that, of his own free will, the injured man said that he himself was wholly responsible and that the company was entirely free from blame for the accident. The members of the family expressed themselves as only too happy that the result was not more serious.

PERSONAL MENTION

Miss Elizabeth Turner left yesterday for Colowater, Mich., where she will spend some time.

Ed Frank and Earle Mahon have gone to Pueblo.

J. J. Hunter has removed to Wichita, Kansas.

W. L. Duck has gone to Windsor, Mo.

C. W. Renninger has moved to Colorado Springs to remain in business there.

C. W. Bowman has gone to Pagosa Springs.

BRIEF CITY ITEMS

D. F. RICHIE David Franklin Richie, aged 50, died in this city Sunday after having been ill with pneumonia only three days. Mr. Richie came here from North Carolina about two months ago and had no friends here. The funeral services were held yesterday from the residence of the deceased on Hagerman street on the south side and were in charge of Undertaker Boyle. The deceased left a wife and one child.

MRS. SEMPLE Mrs. Isabella Semple, widow of the late V. B. Semple, died yesterday morning at 8 o'clock at her home, No. 415 Washington avenue. The funeral arrangements have not yet been made.

JUSTICE COURT The case of Wilson vs. Nora Galier, money demand suit, will come up before Justice of the Peace Bates this afternoon at 4 o'clock. The money demand case of J. J. Abendschan vs. Albert Frick, which has been postponed several times, has again been continued until Wednesday, when the case of McRae vs. S. L. Day will also come up for hearing.

FIRE HOUSE IMPROVEMENTS—Yesterday morning under the supervision of Contractor Radebaukh work was begun on the alterations of the fire house and it is expected that in a short time the place will be made very comfortable for the winter. After this work has been accomplished it is probable that the work of installing the new fire alarm boxes will be taken up.

HOLIDAY HOURS Postmaster Morgan announces that on account of Thanksgiving day the postoffice will be open one hour from 12 to 1 o'clock on Thursday.

LODGES WILL ELECT The present week promises great activity in lodge circles in Colorado City as there are several elections to be held. The Woodmen of the World meet this evening for their election, the Women of Woodcraft on Friday evening and the Knights of Pythias on Friday evening for the same purpose.

FIVE DRUNKS In police court yesterday morning Justice Bates had five drunks up for sentence, and gave four of them $10 and costs and the other $15 and costs. The latter was from the Springs and had his spree on Sunday. Judge Bates read him a lecture and gave him to understand that he did not want people from Colorado Springs to come over to Colorado City on Sundays and disturb the town and said that all other drunks of his class would be served in the same manner.

TO BE REPEATED "The Vagabonds," the play which was given under the management of the Hickman-Bennett company in the new Waycott opera house last week, will be repeated as a matinee performance on Thanksgiving day in the same place. The play will begin at 3 o'clock and the admission will be 25 cents.

EAGLES The local aerie of Eagles met on Sunday evening to the number of about 100 and had one of the most enjoyable sessions since the organization was established in this city. Several new members were first initiated, after which a banquet followed. The evening was rounded out with a smoker and an entertaining program of various special features.

Many people are suffering fearfully from indigestion or dyspepsia, when one single bottle of HERBINE would bring about a prompt and permanent cure. A few doses will do more for a weak stomach than a prolonged course of any other medicine. Price, 50 cents. Hefley-Arcularius Drug Co.

"Joan of Arc" cantata at Opera house tonight.

CHARITY BALL TICKETS All persons ordering tickets for the charity ball from Mrs. Frank Kernochan, 16 College Place, are requested to remit the price with their order.

PRESENTED PUNCH BOWL As a token of appreciation, the Traveling Passengers' association, which recently visited this city, presented the Denver & Rio Grande railroad with a very fine cut-glass punch bowl. The presentation was made at Salt Lake City to Mr. T. E. Swan of the D. & R. G.

"Joan of Arc" cantata at Opera house tonight.

For all fresh cuts or wounds, either on the human subject or on animals, BALLARD'S SNOW LINIMENT is excellent; while for corn-huskers' sprained wrists, barbed-wire cuts and sores on working horses, it cannot be too highly recommended. Price, 50 cents. Hefley-Arcularius Drug Co.

GROWING OLD GRACEFULLY. Nothing is so interesting, nothing so restful and refreshing, as to see a man and woman who have lived together for a quarter of a century, starting down the shady slope of life, hand in hand, and happy as they were when she, with flushed face, heard love's old, sweet song. Marriage is often a failure, because people marry without even giving the future a thought—marry and go to work and work without recreation till they are ready to die. I once heard a lady telling her daughter what to do when she was married. "Take it easy," she said; "get married in winter time, when the world is cheerless and you are short on sunshine; take a trip to the southern states and turn winter into summer; again—go to Little Rock, Hot Springs, or San Antonio, and get acquainted with your husband; watch him at the hotel, and see what he likes to eat, and how and when he likes it. It won't hurt you to study his comfort a little; it would make him love you more. But you must know something of him before you are married. Never marry a man who will laugh at the jokes on mothers-in-law at the minstrel show, or who will not buy his wedding tour tickets over the Missouri Pacific Railway."

DELIGHTFUL WINTER TRIPS to all resort points in the South and Southeast at attractively low rates via the

COLORADO & SOUTHERN RY.

Here are a few of the many resorts to which round trip tickets are now on sale:

ACT QUICKLY

Delay Has Been Dangerous in Colorado Springs.

Do the right thing at the right time. Act quickly in times of danger. Backache is kidney danger. Doan's Kidney Pills act quickly. Cure all distressing, dangerous kidney ills.

Plenty of evidence to prove this. Mr. J. J. McCarty of 13 South Corona street, foreman of the Gazette, says: "For five or six years I was annoyed with backache, accompanied by slight urinary trouble. I took more than one medicine said to be a sure cure for kidney complaint, and like a great many others in Colorado Springs, I procured Doan's Kidney Pills at Jones & Wellington's drug store, 109 N. Tejon street, expecting the results from their treatment to be as unsatisfactory as those from other preparations I had taken in the past. The benefit received justifies me in saying that anyone suffering from kidney complaint or backache will find in this preparation something which acts differently and more effectively than anything heretofore tried."

For sale by all dealers; price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's—and take no substitute.

GREAT numbers of physicians prescribe for convalescent patients the daily use of GREAT WESTERN CHAMPAGNE, its assured purity and mildly tonic properties making it the ideal CHAMPAGNE for those recovering from sickening illness.

The only American Champagne receiving Gold Medal at Paris Exposition.

PLEASANT VALLEY WINE CO.
Sole Makers, - Rheims, N. Y.
Sold by all respectable wine dealers everywhere.

HERPICIDE
Relieves Dandruff Immediately
and causes thick, glossy hair to supplant the former thin, brittle growth.
Newbro's Herpicide
performs its work on the principle, "Destroy the cause, you remove the effect," and consequently it reaches and kills off the ever-busy microbe, which is responsible for all scalp diseases. It thus makes dandruff and falling hair impossible, and promotes a luxuriant growth of hair that soon becomes the pride of the owner. Even on bald spots it soon produces hair as thick and luxuriant as anyone could wish for.
One bottle will convince that this is the only hair preparation that really relieves.
For sale by all First-Class Drug Stores.

A GAY AUTUMN WAIST.

The Empire waist, closing in the back, gives an opportunity for elaborate effects. The tucked yoke model, in our photograph, shows the new black silk appliqué trimming so effective on red, and is an example of the manner in which the embroidery bands of the summer waists are repeated in heavier trimmings.

Tickets on Sale for Firemen's Ball

The fire laddies are going to give a grand ball in the Temple theater on Friday evening, December 13, and it is now up to the people to show some slight appreciation of the work the brave boys do in protecting the city from the red terror of the day and the night.

The ball is a masquerade affair, which occurs annually, and is given for the benefit of the Firemen's Relief association. The ball is the [illegible] when the fireman's cup of enjoyment is filled to overflowing and the firemen have been exerting themselves this year to outdo themselves and to make this dance, which has always been considered one of the events of the year, surpass all previous efforts in this line.

For several days handsome cards have been displayed in many store windows, but the citizens have not taken hold in the customary manner and the sale of tickets is reported slow. The price of the tickets is only $1 and it seems to the boys that all kindly disposed citizens should take the matter up and give them a good time.

The committee on arrangements for the dance comprises the following officers: Chief E. E. Baty, Assistant Chief B. B. McReynolds, Captain Donahue and Captain Conacher; but every fireman is a committee of one to dispose of tickets and anyone who is connected with the fire department will sell you a ticket for $1.

$50 REWARD

[illegible] $50 for evidence which will convict of the crime of docking the tail of a horse.

Frances D. Hill,
Secretary Humane Society.

RUMMAGE SALE

Teachers and pupils of the Lowell school are very enthusiastic about the rummage sale and art display, to be held all day Friday and Saturday of this week. Hundreds of valuable articles have been brought in and are being sorted and marked ready for the rush. There is something for everybody.

Ice cream, ices and cake, coffee and doughnuts, candy and popcorn will be on sale both days. A neat sum should be realized toward decorating the halls. No charge at the door. Everybody welcome.

THE DISAPPEARANCE OF POPULISM.

THERE will be no Populists in the next congress, all the members of both house and senate who have borne that party name having disappeared from the national political arena. The reasons for this condition are not hard to find and they are easy to understand.

Populism owed its rise to a theory. Whatever strength it had lay in the assumption that it offered a plan of government that was superior to the one in use in the United States. It advocated a more paternal relation of the government to the people and a more socialistic organization of the people as a foundation for the government.

In the theories of Populism there was much that was good, somewhat that commended itself to the public for immediate adoption, and more that seemed to be the natural consequence of the political evolution of the times. The chief and radical objection to Populism was that it was too sweeping in its theories and too hasty and too radical in its program. There was added to this the further objection that the management and control of the party was in the hands of perennial cranks and theorists who could not safely be entrusted with the guidance of national affairs.

But it was not these things that caused the disappearance of Populism.

The life of the party and its hope for the future lay in its theories, yet no sooner had it gained sufficient strength to make itself felt as a political factor than it gave to the American people the most shameless example of sacrifice of political principles that has been recorded in our history. In the south it allied itself with Republicans and in the north with Democrats, and while still asserting that its principles were utterly opposed to both these parties it openly avowed and pursued the policy of selling its votes to the highest bidder. It accepted offices and appointments from its political enemies and gave its favors in return, unblushingly.

In those states where it was the strongest, Populism either nominated or indorsed many candidates who were utterly unfit for office and any merit that existed in its theories was lost sight of in the storm of condemnation that was aroused by the follies and the failures of its candidates.

The destruction of Populism was due to Fusion, and so deadly was the influence of this political blight that it not only swept Populism out of existence but it showed marked effects of evil to the other party to the alliance. In the south it reduced the strength of the Republican party far below its normal level, while in the north it brought the great Democratic party to the verge of ruin as complete and irremediable as that which has overwhelmed the Populist.

No national policy ever received a more intense and thorough condemnation than that which has been passed upon Fusion, and no policy ever deserved it more.

It speaks well for the character as well as the intelligence of the American people that a policy which involved the habitual sacrifice of all political principles for the sake of winning elections and getting control of public appointments, and the habitual selection of candidates who were "available" rather than competent, should have received such a decisive rebuke and condemnation.

Honest differences of political thought and purpose will always exist and party organization appears to be the only way in which the nation may be directed according to the will of a majority of the people.

But it will be well for the nation if the lesson here taught be thoroughly impressed on the minds of people and politicians, that no party can hope for success that does not possess vital principles and set those principles above the mercenary and pompous rewards of public office.

AN EDITOR'S MISTAKE.

An exchange says that it had written up a long editorial on the subject of trading with home merchants, but afterwards when on the rounds of the town, the editor saw the merchants writing letters on baking powder letter heads and using patent medicine bill heads, he went back to his office and tore up the editorial and sat down in disgust to muse over the sorry scheme of things. (Mining Gazette.

And that is where the editor was wrong.

No missionary should throw up his job because he discovers there are heathen around him.

The merchant referred to had probably grown so used to having people send away for things that he had fallen into the habit himself.

What he needed was education and a waking up.

The editor should have published his editorial, if it was a good one, and sent a marked copy to Mr. Merchant, who would thereupon have ordered a new stock of goods, marked down his prices and sent a full-page advertisement to the Weekly Booster. The Booster's subscribers would have paid their delinquent subscriptions and bought Mr. Merchant's goods.

The town of Wayback would thereupon have started on a career of prosperity. Mr. Merchant would have enlarged his store, and the Booster would have become a daily. Real estate would have increased in value, immigrants would have been attracted, a new railroad would have been built, factories would have been started and the city of Wayback would now be experiencing the advantages that come from a consistent practice of home trading.

It was a great mistake to tear up that editorial.

The city and county authorities should quit squabbling and get down to business. One plat house is certainly enough and two are a needless imposition upon the taxpayers.

CHINESE AND JAPANESE IN THE UNITED STATES.

CENSUS bulletin No. 3 special has a timely interest in view of the discussion of the wisdom of renewing the Chinese exclusion act and the difference of opinion in regard to what modification, if any, should be made in its terms.

This special bulletin, prepared under the direction of William C. Hunt, chief statistician for population, gives the distribution of the Chinese and Japanese population of the western states and territories in 1880, 1890, and 1900, by counties.

Of the 119,050 Chinese in the United States in 1900, 7,767 were enumerated in Hawaii, 3,116 in Alaska, 304 at American military and naval stations abroad, and 89,893 in the United States proper. Of these, 67,719 were in the western states and territories, distributed as follows: Arizona, 1,419; California, 45,753; Colorado, 599; Idaho, 1,467; Montana, 1,739; Nevada, 1,352; New Mexico, 341; Oregon, 10,487; Utah, 572; Washington, 3,629, and Wyoming, 401.

Of the 36,000 Japanese returned in 1900, 61,111 were found in Hawaii, 272 in Alaska, 284 at military and naval stations abroad, and 24,976 in the United States proper; and of the latter number 23,376 were in the western states and territories, distributed as follows: Arizona, 281; California, 10,151; Colorado, 48; Idaho, 1,291; Montana, 2,441; Nevada, 228; New Mexico, 8; Oregon, 2,501; Utah, 417; Washington, 5,617, and Wyoming, 393.

In 1880 Colorado had 612 Chinese and no Japanese within her borders. In 1890 the numbers had increased to 1,398 Chinese and 10 Japanese. In 1890 the Chinese had decreased to 599 while the Japanese had increased to 48.

More than half the Chinese in the state and more than half the Japanese are found in Arapahoe county, the figures for the two race nationalities being 310 and 20, respectively. Of Chinese, Pueblo county has 48, El Paso, 37; Ouray, 20, and San Miguel, 21. No other county has more than 20, and only six others as many as 10. Twenty-seven counties of the state have no Chinese person within their limits.

Of Japanese, next to Arapahoe, Mesa county has more than any other, 15 being reported there, and no other county has more than 4. Only 11 counties in the state have any Japanese residents.

A majority of the counties show a decrease of Chinese population in 1900 as compared with 1880, and the total for the United States also shows a marked decline. The indication of the statistics is that the Geary law has done its work well and has accomplished the purpose for which it was designed. If Chinese immigration is an evil an exclusion law is an effective agent in preventing it.

On the other hand, if Japanese immigration is an evil there is shown by these figures an evident necessity for the extension of the law so as to include the Japanese as well as the Chinese. In California the Japanese increased from 86 in 1880 to 10,151 in 1900; in Oregon the increase in the same period was from 2 to 2,501; in Washington, from 1 to 3,617. If the present law should be re-enacted without including the Japanese the immigrants of this nationality would soon outnumber the Chinese in the western states.

As shown above, Colorado has at present no selfish interest in this matter. The "yellow peril" does not threaten us. But Colorado is a part of the west and is loyal to western interests. Our people are convinced that Chinese immigration is not desirable and they will stand firm for the continuance of the restrictive law against it. If the people of the Pacific coast believe that the ban should also be laid against the Japanese we will support their claim.

WELL MEANING HELPLESSNESS.

CONGRESSMAN SHAFROTH appears to have some very sensible opinions in regard to congressional legislation this winter. In an interview at Washington he is reported as favoring continued protection to the Colorado beet sugar industry, national aid to irrigation and the enactment of a law against anarchy.

In all these matters Congressman Shafroth accurately represents the sentiments and wishes of the people of his state, but he cannot do a single thing or exert any influence towards defending their interests or accomplishing their desires, for the reason that he belongs to a hopeless and helpless minority in congress.

In every single thing for which Colorado approves Democracy, the sentiment of the nation is so overwhelmingly one-sided that there is not even a chance of consideration, much less approval.

The things that Colorado and her sister states of the west need, must come, if they come at all, through the grace of the Republican party. Protection to beet sugar, national aid to irrigation, the admission as states of the territories of Oklahoma, New Mexico and Arizona, various measures for the furtherance of transpacific trade, the re-enactment of the Chinese exclusion law, and other matters of vital importance will come up for consideration in the house, and they will be decided by the Republican party. In that consideration Colorado will have no participation. This state has allied itself with an inconsiderable minority whose only possible course is unreasonable obstruction and criticism.

Two strong Republican congressmen would be of immense advantage to us and to all our interests in the next session. Two Democrats only lessen the chances that the legislation will be consonant with our desires.

Unless Mr. Shafroth is willing to desert the party that elected him and to go for what he and his constituents want to the only place where they can be obtained the Republican caucus it does very little good for him to tell what he would like to have and what he proposes to do for the benefit of this state.

FOREST CONDITIONS IN COLORADO.

THE NOVEMBER number of the Forester, a monthly magazine published by the American Forestry association contains an article entitled "Alarming Forest Conditions in Colorado." The facts presented with the accompanying illustrations are of a most serious nature and ought to be understood by all the people of the state.

The three principal causes of forest destruction, in the order of their importance are: forest fires, overgrazing, and indiscriminate chopping.

The evils that result from the destruction of the forests are a diminished water supply, the destruction of fertile fields and meadows, and the lessening of available timber supply with consequent increase of price for lumber, mining timbers, firewood, etc.

The recent test of the Holland submarine boat was satisfactory as demonstrating its ability to remain beneath the surface for a considerable period in this case 15 hours. Experiments in France as well as those in this country indicate that the submarine boat has been perfected to a point where it is entitled to a permanent place in the navies of the world. That its final stage of improvement has already been reached is quite improbable.

PERSONAL MENTION.

Some Life Insurance Figures.

To the Editor of the Gazette:

An item in the New York dispatches in Saturday's Gazette contained some figures relating to the Mutual Life Insurance company, with a misleading and incorrect statement regarding the other life companies which I desire to contradict. Here are the figures given and the words used:

"The Mutual Life has either paid back to policyholders or holds for their benefit nearly ninety million ($90,000,000) dollars in excess of the entire sum ever received by the company from its members. This is nearly four times as much as the 28 other life companies reporting to the insurance commissioner of New York can together show."

The above statement, if true, is pretty rough on the other 28 companies and it is natural to infer that the Mutual Life has made a much larger percentage of gain for its policyholders than has any other company. But the statement is not true, and here is how one of the 28 "other" companies compares with the Mutual Life in this respect. I take the Mutual Benefit of Newark, New Jersey, and give the exact figures for both companies as follows:

	Mutual Life	Mutual Benefit
Amount paid to policyholders or now held for their benefit	$866,232,963	$256,820,658
Amount received from policyholders	$779,134,420	$215,271,072
Excess of total benefits over total amount received	$87,098,543	$41,548,686
Percentage gained for policyholders	11.2	19.3

The figures are from the official reports and will be found correct.

From the above it will be seen not only that the Mutual Life did not make a larger percentage of gain for its members than did any other company, but that, on a basis of the percentage gained by the Mutual Benefit, the Mutual Life is "shy" more than sixty-three millions of dollars ($63,000,000). I will not take your space for the record of any more of the "twenty-eight companies." Suffice it to say that your correspondent is off to the amount of about two hundred million dollars ($200,000,000), more or less.

Thanking you for this much of your valuable space, I am, yours, etc.,

J. M. A.

STATE POLITICAL PRESS COMMENTS

For Congress.

(Canon City Record.)

In sizing up the candidates for high places in the state the Colorado Springs Gazette has suggested the name of Guy U. Hardy of the Canon City Record, as being among the good material from which to select a congressman.

Now while the editor of the Record considers it quite complimentary to be mentioned along with some of the big men of the state for this high place, and that too, by a paper of the Colorado Springs Gazette's standing, yet it must be said that such mention is not made by his wish or knowledge, for he has no idea of being a candidate for that place or for any other.

This brings to mind, however, the fact that Colorado will next year elect three congressmen one for each of the two districts and yet at large. Fremont county will be in on two of these, and she can furnish as good a candidate for this particular place as any section in the state.

In the person of the Hon. C. C. Dawson we have an ideal candidate for congress. Mr. Dawson possesses every requisite for a good congressman, and besides could put up an elegant campaign. It would be hard for the Republicans of this district to select a more winning or more able man for the place. The Record is emphatically in favor of Mr. Dawson, and will be pleased to do what it can to secure for him the nomination.

On another page of this paper will be found an article written early this week, on Denver politics and politicians. Since that article was penned a meeting of Denver Republicans has been held, somewhat in the nature of an indignation meeting, at which the disposition of the Republicans of that city was pretty plainly expressed. That meeting is only one of a series of circumstances which go to prove that the Republican machine is thoroughly odious and must be thrown away as old metal worn out and useless. The old methods, which were trickery and boosism, must go never to return, and they will go. Republican politics are believed by the great majority of people to be right, they are known to have the implicit confidence of the voters. Therefore all that is necessary to success is to have able and upright leaders and clean candidates. Thus equipped the Republican party of this state and of Denver too will become invincible. The Democrats have missed their opportunities in Colorado and their hair breadth escape in Denver was due to their own fraudulent methods and Republican distrust and hatred of old party "shacks" and "bosses" and their machine methods. But the end is in sight. When the Republican party shakes off the high five incubus, as it will do, buries them deep and inscribes upon this slab "Here lies dishonesty and ring rule, may there be no resurrection," the party will sweep Denver and the state of Colorado as with a broom.—(Pueblo Trail.

The agitation in favor of a general rejuvination and cleansing of the Republican party management in Colorado is being led by Hon. L. N. Stevens through the medium of his great paper, the Colorado Springs Gazette. Mr. Stevens declares that he is in no sense of the word a seeker of office, but he is nevertheless a great power in the party. As a state leader he would carry it to a clean and sweeping victory. He is an intimate friend and political associate of Senator Teller and if any one can bring the "Grand Old Man" back into the ranks of the rejuvinated Republican organization, Mr. Stevens is the man.—(Saguache Record.

Many Republicans of the state have started in to talk politics for next fall and among the leaders is the Colorado Springs Gazette. They all forget that Colorado is as far from being Republican as it was two years ago. The independent voter is in the majority and he will be there for many years to come and forever, we hope.—(Glenwood Springs Avalanche.

Discussing editorially the result of last week's election and horoscoping the future, the Colorado Springs Gazette says no man can be selected who will more ably represent the second district in congress than Hon. H. M. Hogg, of Telluride. This is quite correct, but there be those who incline to the opinion that he would make a most excellent state executive.—(Telluride Daily Journal.

The Colorado Springs Gazette is kind enough to mention Judge H. L. Garbutt of this city, as a man who would make a good congressman for this congressional district. The Gazette is right. Judge Garbutt would make an A1 congressman and the people of the northern part of the state would delight to honor him with these votes for that office.—(Ft. Collins Courier.

Mrs. Carlson Sues for Heavy Damages

Lena Carlson is suing the city of Colorado Springs for $10,000 damages for injuries said to have been caused by the city's negligence in not protecting a ditch box on Cache la Poudre street. The accident upon which the suit is based occurred several months ago. Mrs. Carlson says that in the block on Cache la Poudre there was at the time a bridge covering the ditch and that the condition of this bridge was so bad that a wagon in which she was riding broke through it and threw her to the ground. She says she sustained injuries both internal and external and has been made weak, sick and lame and has lost the power of locomotion. She states that as a result of the accident she has been damaged to the extent of $10,000 and she sues for this amount. T. J. Black is her attorney.

Carl A. Fugit filed a replevin suit in the district court against Seward Wilson and Morris Wilson yesterday. He sues to recover nine cows of various descriptions to the value of $450 which he claims are unlawfully detained by the defendants. These cows, he alleges, are being held by the defendants in payment of a bill of $85 which defendants claim is due them from Fugit, but plaintiff denies that this amount is due.

There were no proceedings in either the district or county court yesterday.

The city of Colorado Springs and the board of county commissioners are made defendants in a money demand suit filed in the district court yesterday. E. B. Williams is plaintiff. It is alleged and affirmed in the complaint that in the suit over the water rights on the Steuart ranch on Bear creek which was sold to the county commissioners and by them to the city several years ago there were certain witness fees and attorney's fees aggregating $304. These claims have all been assigned to Williams, and he sues for the total amount. The judgment in the suit assessed the costs to the city and the attorney's fees went with the Steuart estate which was purchased by the county commissioners, and so both parties are made defendants.

Judge Voorhees of the district court of Pueblo county will preside over the proceedings in the district court here today as Judge Cunningham is compelled to go to the northern part of the county on court business.

Dickens Bound Over to District Court

Charles Dickens, the Manitou and Colorado Springs curio dealer, was arraigned in Justice McClelland's court yesterday on a charge of statutory rape. He waived preliminary examination and was bound over to the district court under $1,000 bonds. He furnished the bond. Blanche Carrington of Manitou, the girl who states that she is 16 years of age, is the complaining witness.

John Dunnigan was arraigned in Justice McClelland's court yesterday morning on a charge of larceny as a bailee. He pleaded not guilty and his trial was set for December 4. His bond was fixed at $750 and not being able to furnish it he went to the county jail. C. H. Farrell is complaining witness in this case. He alleges that when he left last some months ago he left certain horses, wagons and sets of harness to the value of $742 in the care of Dunnigan. On his return he failed to find Dunnigan or the outfits. He swore out a warrant for Dunnigan's arrest on a charge of larceny as bailee and the sheriff's office recently located their man in Rocky Ford. Deputy Sheriff Alward brought him back to the city yesterday.

Martin D. Smith was tried before Justice McClelland on a charge of threats to kill one Richards. He was found guilty and was placed under $200 bonds to keep the peace. It appears that Richards and Smith had a quarrel and recently, according to the testimony Smith encountered Richards on the D. & R. G. yards in this city and threatened to kill him.

Minister to Korea Was in the City

Dr. and Mrs. H. N. Allen, of Korea, were in the city yesterday, en route from the orient to Washington. Dr. Allen is United States minister to Korea, having begun his diplomatic career there about 16 years ago. Dr. Allen first went to Korea as a missionary, afterwards becoming secretary to the legation, then counsel and now minister plenipotentiary. During his earlier years of the doctor's career he rendered valuable services to the natives during the Korean war and at other times, thus winning their loyal friendship, which has stood him in good stead ever since.

Being at the head of the American representation in Korea, he has been instrumental in directing extensive government purchases to the United States. The railroad expansion of the orient has been a boon to American engineers and contractors, whose ability is recognized there to the almost total exclusion of the Europeans. Through the influence of Dr. Allen with the government at Korea, many valuable contracts have been awarded to Americans. A branch of the Siburian Transcontinental road is being built in Korea by Mr. Collbran, who was for many years general manager of the Midland railroad, and who is well known in Colorado Springs. Mr. Collbran and Dr. Allen are great friends.

Dr. and Mrs. Allen proceeded on their way to Washington last night. Official business called Dr. Allen there. While east, they will visit their sons who are at college in New York. Owing to the fatigue of the long trip, the doctor was indisposed to discuss public affairs while here.

Two Miners Killed by Dynamite Explosion

An explosion of dynamite in the tunnel being driven by the Oil Creek Gold Mining company on the other side of Pike's Peak was the cause of the death on Sunday evening of two miners, John Cameron and John Tate.

The beginning of the trouble dates back to Saturday evening when the night shift was operating. They were engaged in timbering work and drilled several holes and then they loaded with the usual charges of dynamite in the customary manner. The fuses of these shots are all lighted as nearly as possible at the same time [illegible] to count the shots which go off. On Saturday night the shots "missed fire" and the miners who came on with the day shift Sunday morning were warned of this fact. The day men drilled the usual holes and fired them, but the missed shot of the evening before still failed to go off. The men of the night shift are said to have been informed that the shot had been fired, but it seems to be a question whether Cameron and Tate received the warning, for they went into the tunnel ahead of the rest of the shift. If they were warned it is probable that they went in for the purpose of investigating the matter, but if they were not warned, they went to their death unsuspecting, for soon after they had entered the tunnel their fellow workmen on the outside heard a terrific explosion.

The worst was suspected but the miners were unable to go in immediately on account of the smoke and gas caused by the explosion. When the smoke permitted, they ran in to the scene of the accident. Buried under a ton of rock they found Tate, horribly crushed and mangled, with life extinct. Cameron was also partially covered with the debris, but was still alive and groaned as he was dragged from the pile of rock. He was not conscious, however, and on being carried to the open air did not revive sufficiently to talk coherently and died shortly afterward, so that it will probably never be learned exactly how the accident happened.

As soon as possible the company was notified, a miner taking the information to Cripple Creek. The news then was informed yesterday morning and ordered the bodies brought here. They will arrive this morning, accompanied by the men who were in the vicinity at the time of the accident. It is expected that the coroner will hold an inquest this morning.

A Delivery System

is only one of the features of our business. You can depend on our delivery of any article you desire and on shortest possible time. You will want some nice table wine surely for your Thanksgiving dinner. We can furnish you with anything, either imported or domestic, Sauternes, Rieslings, Ports, Sherries, Muscatels, Clarets or Champagnes. Phone us your orders, price will be right.

The A. Jac Ward Drug Association
Main Phone 40 107 E. Pike's Peak Ave.

Musical Club Gave Its Second Recital

In Perkins Fine Arts hall yesterday afternoon the Colorado Springs Musical club gave its second afternoon recital. Modern Italian music was illustrated in the well-chosen program, as follows:

Selection—"Rigoletto" ..... Verdi
Antlers Orchestra.

Songs
(a) "La Zingara" ..... Donizetti
(b) "Signal" ..... Schlen
(c) "La Ninna Nanna" ..... Profili
Mrs. Tucker.

Organ—
(a) "Intermezzo" ..... Mascagni
(b) Selected.
Mr. Goodwin.

Songs
(a) "Prologue from "I Pagliacci" ..... Leoncavallo
(b) "Alla Luna" ..... Mascagni
Mrs. Crampton.

Selection—"Semiramide" ..... Rossini
Antlers Orchestra.

"Ave Maria" ..... Luzzi
Mrs. Tucker.

The attendance was excellent and much appreciation was evidenced by the warmth of greeting accorded to the soloists of the day and to the orchestra.

Mrs. H. H. Seldomridge announced that on either December 12 or 13, Katherine Fiske of New York city, the favorite contralto, will give a song recital. This was greeted with much applause, for three years ago when Miss Fiske sang in this city she gave great satisfaction. She excels as a concert and oratorio soloist and has become famous in that direction.

Josef Hofmann, the renowned pianist, is booked for February 25. The Musical Courier of late date, publishes a long list of engagements showing that Mr. Hofmann is adding fresh laurels to his youthful career, when he was looked upon as a prodigy and created a great furore among musical critics.

The ladies' chorus is meeting for rehearsal every Monday afternoon at 4 o'clock and under the able leadership of Mr. Francis English is making rapid progress in the preparation of a portion of the "Messiah," intended for the Christmas program which is to be rendered on the evening of Monday, December 23, in Perkins Art building.

The chorus is to be supplemented by several men's voices from the St. Stephen's choir.

The concert is to be an open one and those not members of the Musical club will be admitted upon the payment of the nominal sum of 25 cents.

This will be a rare opportunity for all who enjoy excellent music and many will eagerly avail themselves of the chance.

College Boys Give to Building Fund

The Y. M. C. A. fund was increased by several subscriptions yesterday. A subscription which particularly gratified Secretary Day and others of the association was from the Colorado College Y. M. C. A.

This organization, which is largely composed of those young men of the college who are working their way through, subscribed $40. The letter enclosing the amount was as follows:

Hagerman Hall, Nov. 25, '01.
Mr. W. H. Day, General Secretary Y. M. C. A.:
Dear Sir: Please find enclosed forty dollars ($40) which is to be applied on your new building and which contains for you the best wishes of the Y. M. C. A. of Colorado college.
John S. E. Houk, President.

Other subscriptions received yesterday were $25 from a stranger and $60 from the employes of the Colorado-Philadelphia Reduction works. The employes of St. John & Barnes are also making up a purse but the amount has not yet been stated to Mr. Day. The house to house canvass is still going on and the canvassers are meeting with fair success.

COLLEGE SOCIETIES PLAN FOR DEBATE

The Apollonian club of Colorado college and the Pearsons literary society of the same institution are planning for the annual inter-society debate.

The Apollonians this year submit the question and yesterday it was decided on and submitted. The question is: "Resolved: That the adoption of the fifteenth amendment to the constitution has been justified." The fifteenth amendment is the one governing suffrage in the United States, granting it to all without distinction of color or previous condition of servitude.

YOUNG MEN'S CONGRESS MET LAST NIGHT

The Young Men's congress of the Y. M. C. A. met in regular session last night but for some reason the attendance was not very large.

It has been decided to hold next week's meeting on Tuesday night and at that time the congress will take up a local measure. The Dana street railway franchise will be the special order of business for this meeting. At last night's meeting Mr. W. H. Day introduced a bill governing bicyclists which provides for a tax on adult wheelmen, the money to be used in building cycle paths.

A committee was appointed at last night's meeting to arrange for some debates with the different literary societies of Colorado college.

BOND BUYERS READY TO TAKE UP ISSUE

Yesterday morning City Clerk MacMillan received notice from Harris & Co. of Chicago, the successful bidders for the Seven Lakes bond issue, that the attorneys for the company had examined the transcript of the proceedings of the city council in the matter of the bond issue and had approved the same and that the firm had satisfied themselves of the validity of the issue. The firm therefore holds itself in readiness to take up the issue at any time.

All that remains to be done is for the council to pass a supplemental ordinance authorizing the printing of the bonds, which will then be signed by the proper city officials and turned over to Harris & Co. As soon as the $60,000 is received from the sale of the bonds the purchase of the water site will be completed by turning the money over to R. E. Wade, who is the trustee for the sellers of the property.

LECTURE ON "THE MAN AND THE APE"

At the First Methodist church on Friday night Rev. C. B. Wilcox will deliver a lecture for the benefit of the young people of the church who have agreed to raise $2,100 to buy stained glass for the new church.

The lecture will be on the subject "The Man and the Ape" and will deal with the relation of man to the hairy animal. A charge of 25 cents will be made. This will be one of the last affairs to be held in the old church building as on Sunday the church will hold its last service there and the city will take possession on Monday. After this week the Methodists will meet in Perkins Fine Arts hall.

SOPHS AND FRESHIES TO PLAY A GAME

The freshmen and sophomores of Colorado college are to have another class contest. This time it is to be a football game, and the arrangements are being made by the "scrap" committee.

The game is to be played one week from Saturday. There are some good football men in each class and the game will doubtless be interesting.

ARMENIAN EXILE IS IN THE CITY

S. Meledonian, an Armenian exile, is in the city. Mr. Meledonian was a leader of the insurrection of 1896 and a price was placed on his head by the Turkish government. He is in this country selling oriental goods for the benefit of the missionaries at Antioch.

Special Sale.

Come in and see my special offers of trunks, valises, harness, saddles, etc., for last week of November. Such prices were never before offered in the city. J. L. Harbaugh, 7 and 9 South Cascade avenue.

For sale Modern 4-room cottage at 218 East Jefferson street.

We do thorough work at fair prices. Colorado Springs Dye & Cleaning Works, 13 E. Kiowa. 'Phone 542.

LECTURE AT PERKINS HALL THIS EVENING

The second of Mr. Fenollosa's two lectures on Japanese art will be delivered this evening in the college auditorium. His first lecture last Friday evening was intensely interesting, and the lantern slides exhibited were unusually good, many of them having been prepared by expert Japanese artists. Quite a number of times the beautiful views received enthusiastic applause from the audience. Every lover of art should make it a point to be present at this lecture. Mr. Fenollosa this evening will use two lanterns at the same time; on one screen will be thrown Japanese views and on the other beside it the best European and American views for comparison. This is a rather new method of using the stereopticon, and only very few places are equipped so that it is possible. The college, however, has just completed its equipment by the purchase of two very long focus lenses which will permit of the lanterns being placed in the gallery at the extreme rear of the hall where they will be out of every one's way, and they are at such a distance from the stage that two slides can be shown simultaneously with the best effects.

MONTHLY MEETING The regular monthly meeting of St. John's Baptist church will be held at the church this evening at 8 o'clock. All members are requested to be present as business of importance is to be attended to.

WANTED Onor before December 1, three or four furnished rooms, close in, for light housekeeping. Box 1397, city.

PORTLAND OUTPUT

Property Is Shipping From Nearly Every Level, the Total Being About 300 Tons per Day---Work On Anaconda Property.

Special to the Gazette.

Cripple Creek, Nov. 25. The Portland company has completed the repairs to the ore house at shaft No. 2 of the property, and is shipping its entire production over the D. S. & C. C. Short Line. The ore house collapsed several weeks ago on account of overweighting, but it has been put in a more substantial condition than it was formerly. The Portland is in better condition than ever before, and is at present outputting about 300 tons of ore per day. The average grade of the mineral is not as high as it was at intervals during last year, but the heavy tonnage shipped more than makes up for the difference. The Portland is shipping from nearly every level, but the best ore comes from the lower ones that have been developed. The workings are as good in the bottom of the ore house No. 1, while all of the [illegible] through the No. 2 ore house. On the 1,100-foot level only one of the five main veins has been to any degree developed, but the drift on this ore shoot is showing up in more than satisfactory condition. The company is in no hurry to reach the other veins at this depth, on account of the extensive ore reserves in the other levels that are helping the production.

Gillette Bros. & Carpenter, leasing the Great View claim of the Anaconda Co. on Gold hill, alongside of the main Short Line tracks, are working from 15 to 18 feet of ore in the east end of a vein that was opened at surface by former lessees. Sub-lessees developed the ore shoot down to the 50-foot depth in the shaft and got out steady shipments of ore. According to the terms of their lease, they could not go below the 50-foot level, leaving a big block of smelting grade ore for Colville Bros. to work out. When the main lessees had exhausted the ore in sight above the 100-foot level of the main shaft, they turned their attention to the other shaft and did about 60 feet of sinking. At the present depth, 50 feet, they are running out another level, shipping the ore as the development work is accomplished. A shipment sent out several days ago assayed as high as six ounces in gold to the ton, while the first consignment gave only about $50 in gold. The values that are obtained at present are high enough to run the ore into a gold-smelting grade. The lessees are operating with an electric hoist. A 20-ton shipment will be sent out tomorrow from the lease.

McGee and associates on block 22 of the Anaconda company's property have saved about eight tons of ore from their strike which was made at surface several days ago. Although not enough development work has been carried out on the pay body to determine its extent it is pretty well assured that the ore will return values of close to $50 per ton. A shaft is being put down on the property, and it has already attained a depth of about 10 feet. A trial shipment will be made as soon as the lessee has a small sized carload of ore saved. Assuming the mineral in the blast return about $25 per ton.

Brown and company, on the Lone Star No. 2 of the Anaconda, are sending 150 ore from their strike at a depth of 35 feet. The lessees are engaged in development work principally, and have not yet had the opportunity to determine the full shipping capabilities.

Terrill and Burke, operating a sub-lease on the Colorado Boss No. 1 and 2, of the Cripple Creek Consolidated company, on Gold hill, have another small consignment which will be ready to go out in a few days. The returns which they have received from the ore already shipped have been satisfactory and the lessees are confident of making a big mine out of the Boss. The 50-foot shaft through which operations were conducted before the strike was made will be sunk to the 100-foot point, where a level will be run out to get under the ore shoot and stope up to surface. This manner of mining the ore will be more advantageous to the lessees than putting down a shaft on it, as the vein is of greater width than the shaft would be.

Weaver and Steelsmith, operating the Findley-Mountain Beauty lease on Bull hill, are getting into some of the richest ore ever found in the property. The first of the high grade was encountered several days ago in the 500-foot level. Specimens which have been shown are pretty well speckled with sylvanite, and the ore will be good for an excellent smelting grade average. The lessees have been having trouble with the Findley company recently, over the lease. Steelsmith and Weaver claim the privilege of continuing their operations by virtue of a verbal contract for the renewal of the lease which expired last month.

Excellent assays are being obtained by Lessee Kenyon from his block of the Atalant of the Gilpin & Cripple Creek company at Independence. The lessees are working at a depth of 475 feet, and have succeeded in a short time in greatly improving the condition of the property. He expects to commence shipments early in December.

TREATMENT OF VEGETABLE GOLD

Those Who Send in Ore Must Not Only Pay Treatment Charges, But Pay the Value of the Gold Extracted as Well.

The excitement caused by the new treatment of ore, practiced in Denver by Professor Wynn, has been somewhat modified by tests which were made on ores from the Golden Egg and Big Loft properties, which cost the owners of the properties just $42.40 more than the gold was worth after it was extracted.

For instance: 142 pounds of ore from the Golden Egg, which was assayed by the new process, showed values of $98 in gold to the ton, and after treatment settlement was made by the payment of $55.45. From the Big Loft property 81 pounds of the ore was treated and brought $2.50, which is at the rate of $61 in gold to the ton. This made a total of $57.95 which was handed over in a gold button to the owners. But they had to pay for the button and $10 in addition for treatment.

The owners then made up the following table, showing the actual cost:

Crushing and freight	$24.40
Assaying and sampling	9.00
Mining and hauling	8.00
Paid for button	$41.40
Total	$127.35

The difference between this amount and the value of the button which they received is $49.40, which is just the amount they lost by the transaction.

The process is a secret one. It is claimed that gold exists in three forms, aside from the usual way in which it is found, "flower gold," "liquid gold," and "oil of gold," and that when the ore is treated by the ordinary fire processes these kinds of gold are evaporated.

But when the process is secret, and those who send in their ore are made to pay for the gold which is taken out of it, it cannot be known whether the thing has a bona fide character or not. It would be possible for those who are working the process to buy the gold which is alleged to be extracted from the ore, so long as they sell it in the end, and they would make the $10 which they charge for treatment.

ALTA MONT ISSUES A CIRCULAR

The secretary of the Alta Mont Gold Mining company issued a circular yesterday explaining the declaration of the stock dividend, as announced in these columns Sunday morning. The action has met with general approval in local mining circles. The circular is as follows:

Colorado Springs, Colo., 25th November, 1901.

To the Stockholders of the Alta Mont Gold Mining Company:

You are hereby advised that on November 23d, 1901, a special stockholders' meeting of the company was held to consider the advisability of distributing [illegible] shares of the Tenderfoot Hill Consolidated Mining company's stock, being the only asset of the company. At this meeting the stockholders upon large majority vote authorized the distribution by the following resolution:

"Whereas, This company is indebted to sundry persons in the amount of $[illegible] and

"Whereas, It is deemed desirable to distribute to the stockholders of this company in the proportion to their respective holdings 375,000 shares of the Tenderfoot Hill Consolidated Mining company's stock in the treasury of this company.

"Resolved, That 150 shares of stock of the Tenderfoot Hill Consolidated Mining company shall be transferred to each of the stockholders of this company upon surrendering of 1,000 shares of stock of this company to the secretary for cancellation, and upon payment in cash to the treasury of this company of the pro rata amount of twenty cents per thousand shares of stock so surrendered."

The money raised by this contribution to be used for liquidating the indebtedness of this company.

By this action the Alta Mont Gold Mining company practically goes out of existence.

You are requested to forward your certificates duly indorsed together with 20 cents for each 1,000 shares to the secretary, at as early date as possible. Upon receipt of which your Alta Mont stock will be cancelled, and a certificate issued for your pro rata of Tenderfoot stock which will be forwarded to you.

Your prompt attention is requested in order that the affairs of the company may be closed up. By order of the board. Clarence E. Titus, Secretary.

MINING NOTES AROUND TOWN

The difficulty of several of the smaller companies on Galena and Tenderfoot hills in selling their treasury stock to provide development funds is bringing back a great deal of work which would prevail if the market for low-priced stocks were better. The companies, however, are not contemplating the sale of any stock at a sacrifice, but just as soon as the market begins to advance, and this is looked for the first of the year, a great deal of work will start in on properties which are now practically idle. The lessees have not been favoring the border localities lately, as so many of the inside claims have been thrown open to lessees on fair terms, as the result of considerable agitation to give the lessees a better show.

PROSPECTING WITHIN LIMITS OF CRIPPLE CREEK.

A short while ago it was reported that the water company while digging trenches in the limits of Cripple Creek for the purpose of putting down water mains encountered an ore vein that assays gold in good values. Since then this has led to the prospecting in other places of the city. Messrs. Miller & Young, a firm of well-known Cripple Creek brokers, have gone to prospecting in earnest. They are at work on the Jenny Lind placer that is located between Bennett and Carr avenues, on Cottage street. Excellent workings were obtained near their present working about six months ago. The gold values were obtained while some excavations were being made. Messrs. Miller & Young are prepared to spend considerable money in the effort to find from what source the float came from that was found in that vicinity. Their efforts will be watched with a considerable interest by the mining men of that city, and if they are successful it will lead to other operations in several parts of the town, in fact, it may turn out to be that the very streets of Cripple Creek are lined with gold as has been demonstrated in Leadville.

MANY STRIKES MADE BY LESSEES DURING MONTH.

[illegible] portance during the month has been made by lessees excepting of course the strike on the Elkton. Among the important ones are Barton, and May on the Rhinoceros of the Gould company, Terrill & Burke on the Colorado Boss, Anderson on the Climax No. 2 of the Little Puck company, the Cripple Creek Mining & Leasing company on the Deadwood, Brown and associates on the Lone Star of the Anaconda. Some of the lessees on the Acacia property, Marx and Bachman on the Rose Maud and many others over the district.

These good results made by many lessees have brought other lessees into the field and if one can judge from the number of leases filed with the county clerk, the leasing system is on the increase. Nearly all the leases granted during the present month have been for a period of 18 months.

KIMBERLY STOCKHOLDERS' MEETING HELD YESTERDAY.

Yesterday in the offices of the Kimberly Mining company in this city, was held a special stockholders' meeting. The purpose of the meeting was to authorize the re-incorporation of the company under the laws of Wyoming under the name of the Kimberly Consolidated Gold Mining company. The capital will remain 1,000,000 but the par value will be one cent a share. This will make the capitalization $10,000 instead of $1,000,000.

Out of the outstanding capital stock of 1,000,000 shares there were present and voting 922,241 shares. This vote was cast for the proposition to purchase the North Cascade claim belonging to the Gold Culton company for 200,000 shares of the new Kimberly Consolidated company. The new company owns also the east end line of the Lonaconing claim left over when that claim was sold to the El Paso company and that portion of the Old Hickory lying east of the east end line of the Australia and north of the Black Bolle.

STRIKES MADE LAST WEEK ON SEVERAL PROPERTIES.

Lessee Fitzgerald, who is operating the Lillie on Bull hill, is reported to have opened new ore bodies in the 12th level of that formerly great producer. If this proves true, it will be good news to the stockholders. The property has paid quite large sum in dividends in the past, but the ore bodies were soon lost or exhausted, and considerable money has been spent without success by the management endeavoring to locate new ones. No work is now being done on company account.

Kane & True, leasing on the north end of the Tenderfoot, are accredited with the opening of a four-foot vein which assays from $5 to $12 a ton. The find was made at surface, and a prospecting shaft is to be sunk to determine if the often advanced theory of increased values with depth will hold good in this instance.

F. J. Parkinson, leasing on the Last Chance of the Mobile company on the east slope of Gold hill, has uncovered at surface in three different places a well-defined lead. The assays have been encouraging, but not sufficiently high for the lessee. He will continue surface work for the present, and will not attempt to sink unless he should uncover an ore shoot.

Marshall Bowers, leasing on the Shurtloff No. 2, which adjoins the American Eagles, has opened up what he believes to be the extension of the American Eagles vein and ore shoot. Assays are reported running good pay. The discovery was made at the 500-foot level.

$56,650 WAS PAID IN DIVIDENDS YESTERDAY.

Yesterday was the day on which the mining company controlled by the Woods Investment company which are in the dividend list paid their monthly dividends.

The Gold Coin Mining company paid three cents a share, total distribution of $20,000, making the total amount to date nearly $1,000,000.

The Consolidated Mines company paid one cent a share, total distribution $19,000, making the total amount to date $179,000.

The New Zealand company paid one cent a share, total distribution $7,650, making the total to date $92,950.

ORE EXPECTED SOON AT LOWEST LEVEL GOLD COIN.

Mr. F. M. Woods of the Woods Investment company was in the city yesterday and in speaking of the condition of the Gold Coin of which he is the general manager, said that no strike had yet been made in the lowest workings of the mine which are now down over 1,100 feet, but that at any moment they now expected to catch the ore shoot that has been opened up in the upper levels. The twelfth level crosscut has not been extended as far as the crosscut in the eleventh level. Mr. Woods stated that the condition throughout the mine was excellent and that [illegible] tonnage was being sent through the Transportation tunnel to the Economic mill. That all the shipping ore was being shipped now to that mill.

In speaking of the Wild Horse mine Mr. Woods stated that the shaft of that mine was one of the best in camp and that the condition of the property beneath ground was very pleasing. Drifting is being done on the 650 and 765-foot levels. About $4,000 is taken out daily.

COLONIAL DAMES GRANTS LEASE ON GRACE DARLING.

A lease has been granted to Col. J. F. Topping, a well-known Cripple Creek operator, on the Grace Darling claim on Bull hill.

The Grace Darling is in a neighborhood [illegible] good strikes have been made, near the Damon, Jerry Johnson, Pinnacle and Isabella, and Colonel Topping announces his intention of thoroughly developing the claim. The company received royalty on one shipment of ore from this claim, made by a former lessee, and both the lessee and the officers feel confident that proper development work will put the claim in the list of regular shippers. There is a 100-foot shaft and one 40-foot now on the claim, together with several drifts and crosscuts, and there is also a good shaft house and ore house. The first work will be done in the 100-foot shaft, and a hoist will be put on at once. Relieving in full justice to the lessee, who has been the making of the Cripple Creek district, the lease has been drawn in liberal terms, giving the lessee two years from the opening of pay ore, with royalties graded to 20 per cent, and the usual requirements as to work performed. It is the intention also to grant a lease on similar terms on the Speeler claim adjoining Stratton's Independence on the south, and from which some high assays have been had.

RECENT SHIPMENTS MADE BY NUMEROUS LESSEES.

The Beacon Hill Mining & Leasing company, operating on block 10 of the Prince Albert on the southwest slope of Beacon hill, is shipping about 40 tons a week, and will shortly increase its output. This company has, at a conservative estimate, 2,000 tons of ore blocked out in its workings. The ore body is fully 25 feet wide and has the appearance of an immense chimney which evidently extends to surface. It strongly resembles the big body of ore opened by Lessee Hummer on the same claim in the earlier days of the camp, the mineral averages only $20 per ton, but it is cheaply broken.

Burke and associates, leasing on the Colorado Boss, owned by the Cripple Creek Consolidated company, made another shipment of 20 tons yesterday. The ore will run from two to three ounces a ton. The discovery which was made on the surface has been proven up in an open cut for a distance of 40 feet and to a depth of about 30 feet. The entire bottom of the shaft is in ore that will run without any sorting.

Kerr and associates, leasing on the Rhinoceros, owned by the Gould company, will make another shipment of 15 tons this week. Assays would indicate a value of about $400 to the ton. Their new shaft is down 25 feet and at the bottom there is showing an 18-inch streak that is assaying all the way from $250 to as high as $2,000 to the ton.

Thomas Fitzgerald, leasing on the Lillie, on Bull hill, is making steady shipments and the last ore shoot has been opened up at the twelfth level. The Lillie (three or four years ago) was one of the big shippers of the district, but as depth was gained the ore shoot was lost.

Barton & Terrill, leasing on the Rhinoceros, marketed 20 tons of $40 ore yesterday. Hatton, Fair and others, operating on the same property, also sent out a carload of low-grade ore. These last named lessees have [illegible] temporarily suspended work.

King & Whiting, leasing on a portion of the Bull City placer, on the Independence Consolidated company, are making a [illegible] the ore averaging $10 a ton.

THE COLORADO SPRINGS MINING STOCK EXCHANGE

Colorado Springs, Nov. 25.—The market today was snotty, and the trading was light. There were one or two excellent recoveries, but these were not sufficient to make up for the instances of weakness which were almost as conspicuous as if there had been no advances at all. The undertone was not so much one of weakness, however, as it was one of hesitancy and indecision. The persistent declining of many of the most favored shares dished his supporters, the bears were wary, and their efforts naturally hold off. In spite of this condition there are a few mining men who openly assert their belief in the future of the market, and are backing it up by investments in the most attractive stocks. Today Elkton showed an splendidly recovering to $1.535, with a active demand and big sales on both calls. While Doctor was more active again and advanced to 54¾, against 53 Saturday. As time goes on the drift in the seventh level of this mine approaches the rich ore body, and when that is reached there is every reason to suppose that the mine will again be a big shipper. This at least accounts for the strength of the stock. There is nothing, however, to account for the weakness of the many stocks which declined when every condition in Cripple Creek which can be thought of is a reason for an advance. El Paso sold down to 72¼. Cripple Creek and A. J. were weak at 8 and Gold Dollar sold down to 12. Golden Cycle was low at 61¼, while Isabella declined to 36 and Portland sold down to $2.85. Trading in the prospects list was almost entirely without interest. Some fractional weakness was developed. Calera is an exception, selling at 20¼.

EASTERN MARKETS

By Associated Press.

New York, Nov. 25.—From general strength during the early part of the day the stock market gave way to general weakness before the close and under active selling pressure with only such recoveries as were due to the early taking of profits on the short side by the bears. It was notable in the early strength that many stocks responded very moderately to the buoyant rise in the leaders. The general break at the last was effective throughout the list but it left the leaders of the advance with considerable net gains to show. The trunk lines were the effective leaders of the advance, especially New York Central which added 4½ to its recent remarkable advance. No news was offered to explain the advance beyond the many rumors long prevalent of a Vanderbilt deal. The movement in Pennsylvania was clearly supplement to that in New York Central and was in the hands of professional speculators who saw the force of an argument for the maintenance of approximate rate between the two stocks. Pennsylvania's extreme advance was 1¾. The late reaction left a net gain for New York Central of 2¼ and for Pennsylvania of 1⅝. The rise in New York Central carried with it the junior Vanderbilts to the extent of from 1¾ to 10 points, the latter figure for Michigan Central. There was enormous buying of the Readings and of the Southern Railway stocks but their advance never much exceeded a point. A factor in the opening strength was the scramble on the part of the bears who went short on Amalgamated Copper on Saturday on the report denied after the market closed, that the attorney general of the United States was preparing a case against the company under the anti-trust law. The opening rush carried the stock 1½ over Saturday's closing level and this proved the highest point of the day. The palpable indisposition of the stock to rally further invited renewed attack and the final slump below 80 was the principal unsettling factor in the general list. The stock touched 79¾c and closed at 80. The heaviness of the trans-continental stocks was a feature of the trading throughout. Speculators are apparently indisposed to pay higher prices for these stocks until the result is disclosed of the agitation in the northwestern states against the Northern Securities company. There was an upward spurt of 2¾ in St. Paul, which seemed to be manipulated by the bull leaders under a realization of the depressing effect of the heaviness in that group. There was more or less realizing in stocks which have recently advanced under cover of the early strength in the leaders, but it was not more than is usual on the progress of a bull market. There was no change in the situation in the money market. Foreign exchange continued to drop away from the gold export point. This weakness seems to be due in part to technical causes, the expected demand for remittance on account of the last installment on the British loan having been anticipated by extensive purchases of exchange. But the requirement by the sub-treasuries to the loan was provided for through other sources. It is apparent that there has been renewed borrowing abroad, which involved sales of exchange bills which broke the market and induced realizing by the purchasers of stocks at the high level. The proceeds of this renewed foreign borrowing were used for the repayment of loans to the local banks, as disclosed by the loan item in last week's bank statement. It is not entirely clear that the London market is sufficiently provided with money yet to carry it over the turn of the year. A deposit at the sub-treasury of $320,000 for transfer to New Orleans had an unpleasant effect on the confidence which has been felt that the interior requirements for currency when transferred for the reason that funds could not flow back to New York from this time increasing volume. Except for the strongest stocks the weak closing of the market left the net losses predominating, running to a point or over in some cases.

Railroad bonds were firm. Total sales par value, $3,365,000. United States 3s and the new 4s advanced ½ per cent on the last call.

New York Money.

By Associated Press.

New York, Nov. 25. Money on call rather easier at 3½@4½; last loan, 3½; ruling rate, 4; prime mercantile paper, 4½@5.

Sterling exchange steady at decline with actual business in bankers' bills at $4.87 for demand and at $4.83⅝@4.83¾ for 60 days; posted rates, $4.84½@4.84¾; commercial bills, $4.83@4.83¼.

Bar silver, 56c; Mexican dollars, 44¾c.

Bonds Government, strong; state, inactive; railroad, firm.

The London Market.

By Associated Press.

New York, Nov. 25. Commercial Advertiser's London financial cablegram: The stock market today had a brisker tone, the bear contingent covering on the eve of settlement. The American list opened about at parity on New York's improved money situation. There was strong New York support in Chesapeake & Ohio particularly. Ontario & Western was in demand. Louisville & Nashville spurted on the curb on orders from New York.

The Bank of England is gradually lightening its grip on the market. The latter had to renew all its loans and to borrow additional funds. Silver is heavy on American sales.

The Metal Market.

By Associated Press.

New York, Nov. 25. The local market for spot tin again advanced. Spot is very scarce and in a few hands and sought after by many who are short, hence the further gain of 75 points today. There were arrivals of 525 tons, but this had no effect on the market, as they will not be unloaded for a few days. The close was strong with spot quoted at $29.25. London values also advanced, spot gaining £1 15s and futures £1, the close being strong, with spot at £116 and futures at £109 15s. The local market for copper was quiet at $16.85@17.00 for lake and 16⅝@16¾ for casting and electrolytic. London prices were 2s 6d lower on spot and 7s 6d off on futures, spot closing at £65 5s and futures at £64 10s. Lead was dull at $4.37½ here and unchanged at £11 5s abroad. Spelter was quiet at home and abroad, closing at $4.30 nominal and £16 10s respectively. Iron quiet and featureless. Pig iron warrants $9.50@10.00; No. 1 foundry, $15@16; No. 2 foundry, southern, $14@15; No. 1 foundry, southern, $14.50@15.50; No. 1 foundry, southern soft, $14.50@16.00. Glasgow iron warrants closed at 58s 4d and Middlesboro closed at 43s 6d.

WOMAN'S BEAUTY

How it is Made or Marred.

There is nothing more subtle than woman's beauty. It eludes all attempts to analyze it. A woman may have the measurements and lines of the Medician Venus and yet lack beauty. Or she may defy artistic standards and be known everywhere as a beautiful woman. There is, however, one kind of beauty which is recognized by all and which is every woman's dower, a beauty to which the French have given the name of "The Beauty of Youth." Many a time we turn to watch some sweet, young girl, impressed by her beauty. But if we analyze the beauty we find it

is made up of smooth skin, clear complexion, bright eyes, ruddy lips, and rounded contours. That beauty ought to last always. But how soon we see it fade. The young wife looks at her yellow skin, sunken cheeks and hollow eyes, and marvels at her own falling off. And the younger girls, still retaining the beauty of youth wonder "what her husband could have seen attractive in her," not knowing that it will be their turn to fade very soon.

HOW TO KEEP BEAUTY.

In order to preserve this beauty of youth, to retain the charm of sweetness and freshness which belongs to maidenhood, the prerequisite is to understand that the chief foe of woman's beauty is womanly ill-health. Young women are often very careless of themselves. The temptation of the dance, or of the sleighride overrules their prudence, and the result is suppression and perhaps irregularity. This is only the beginning of worse evils, and yet this alone is sufficient to steal the freshness from the face. The womanly health should be protected with the utmost care and the first symptom of derangement or disease should be met by the use of Dr. Pierce's Favorite Prescription.

"I will always recommend Dr. Pierce's Favorite Prescription, 'Golden Medical Discovery' and 'Pleasant Pellets,' for they cured me when doctors and other medicines failed," writes Mrs. Mary E. Lewis of Tanner, Gilmer Co., W. Va. For fifteen years I suffered untold misery. When I commenced taking Dr. Pierce's medicines I had given up all hope of ever getting well. I could not lie down to sleep, and everything I ate would almost cramp me to death. Was very nervous and could hardly walk across the room. I only weighed 90 pounds when I commenced taking these medicines. I now weigh 140 pounds and am having better health than ever before. My friends all say they can hardly believe that I am the same person; after being sick so long I have changed to be robust and rosy cheeked. I have taken fifteen bottles of 'Prescription,' fifteen of the 'Discovery' and fifteen of the 'Pellets.' I know that if it had not been for your medicines I would not have been living today."

Dr. Pierce's Favorite Prescription is a woman's medicine. It is not offered as a cure-all, but it is confidently recommended as a sure and safe remedy for all those diseases of women which are curable by the use of medicine. It establishes regularity, dries the drains which destroy the strength and beauty of women, heals inflammation and ulceration and cures female weakness. It is the best preparative for motherhood, giving great strength and elasticity to the organs of maternity, and making the baby's advent practically painless.

"GETTING YOUNG AGAIN."

It is one of the triumphs of "Favorite Prescription" that its results are so palpably and visibly real. The cure of womanly diseases by this medicine is proved by the gain in flesh and weight; by the restoration of youthful freshness, by the renewed strength and ambition, and by all the outward and visible signs of robust health.

"I enjoy good health, thanks to Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,'" writes Mrs. J. L. Schnetzler of Pontiac, Livingston Co., Ill. "Have taken six bottles of each kind. I was taken sick last February and the doctors here called it 'Grip.' I lay for four weeks in bed, and when I got up I found I had 'displacement.' Had such aches and pains in my back and limbs, could not stand any length of time. I knew that our home doctor would insist the first thing on an examination, and that I would not submit to, unless I was dangerously sick, and then it would be too late. If anyone had told me your medicines would do me so much good I would have said, 'Oh no, not that much good.' I can say truly that I was surprised at the benefit I received. An old friend of mine said to me, 'Why, what is the matter with you? you are getting so young again?' I told her I had taken six bottles of Dr. Pierce's medicine, and that if she

HOW LONG IS YOUR LAST LIFE?

LIFE INSURANCE

EVERY READER OF THE GAZETTE MAY HAVE A

$1,000 INSURANCE POLICY WITHOUT COST

No man is too poor to leave an estate if he carries insurance. Under this plan a policy costs you nothing, so every newspaper reader may leave a legacy of $1000 to his family. Take quick advantage of this proposition, it will ease your mind from the worry of your family's future.

Death Comes at Unexpected Moments
Fatal Accidents Happen Every Day
...Prepare For The Worst...

Make provision for the family if death should claim you unexpectedly. The necessity for it may not come for years, we all hope it won't but if it does, be prepared. If it does not your money's not wasted, the policy costs you nothing. Sudden death comes to many. It may be your turn next, who knows?

Surplus and Reserves for the Protection of Policy Holders, July 1, 1900, $2,216,340.09.

MARYLAND CASUALTY CO.'S "Puritan" Accident Policy

Principal Sum, $1,000. Weekly Indemnity, $5.00.

$1,000 DEATH INDEMNITY

For loss of life occurring within ten days from date of the event causing the fatal injury, the sum of One Thousand Dollars ($1,000), provided such injury shall have been sustained by any of the following modes, namely:

Travel and Elevator

By collision or other accident causing material damage to a passenger elevator, a surface or elevated railroad or street car, steamboat, or other public conveyance provided by a common carrier for passenger service only, within which the Assured may be riding at the time of such accident in a place regularly provided for the transportation of passengers; or,

Burning Buildings

By the burning of a dwelling, hotel, theater, store or barn in which the Assured may be burned by fire or suffocated by smoke, but this shall not apply to or cover the Assured in the performance of duty as a paid or volunteer fireman; or

By Sunstroke or by Freezing or Anaesthetics

As the result of any anesthetic when administered by a duly qualified regular physician for the purpose of performing a surgical operation except that if the Assured be a female, this clause shall not apply to any operation during confinement or childbirth; or

Boiler Explosions

By the explosion of a stationary, locomotive, marine or portable boiler, when such explosion causes the destruction of such boiler; or

Runaways

By the running away of the horse or horses attached to any vehicle driven by the Assured at the time of such runaway; or

Burglary

By violence at the hands of any burglar when robbing or attempting to rob, by forcible entry, the dwelling of the Assured.

$5.00 WEEKLY BENEFITS

The sum of Five Dollars ($5.00) per week for a period not to exceed five consecutive weeks, if the Assured shall be immediately, continuously and wholly disabled and prevented from performing each and every duty pertaining to any and every business or employment, by external injuries resulting from the following causes, namely:

Travel and Elevator

By a collision or other accident causing material damage to a passenger elevator, a surface or elevated railroad or street car, steamboat, or other public conveyance provided by a common carrier for passenger service only, within which the assured may be riding at the time of such accident in a place regularly provided for the transportation of passengers; or

Bicycles

By the accidental collision of a bicycle, ridden by the Assured with any vehicle other than a bicycle; or

Runover

If the Assured shall be accidentally run over by a cable, electric or steam railroad or street car, or locomotive, providing he is not boarding or alighting from same while it is in motion, nor attempting to do so.

This Free Policy Gives You $1,000 In Case of Death Within the Year by Accident

This Free Policy Gives You $5 a Week while temporarily injured by accident, for a term not exceeding five consecutive weeks

This Free Policy Is in a Strong, substantial company with surplus and reserves of $2,216,340.09.

How to Get a $1,000 Insurance Policy Free

You take the Gazette now and pay sixty cents a month for it. In a year you pay $7.20 for The Gazette or some other paper. To get this policy you have simply to pay your subscription to the Gazette in advance instead of month by month, and your Gazette costs twenty cents less when paying yearly than when paying monthly. The Gazette pays the premium on your insurance. You pay for The Gazette for six months or one year and receive from The Maryland Casualty Company a $1,000 policy with a receipt for the year's premiums, that's all, except that you must be over 16 and under 65.

APPLICATION BLANK, FILL OUT AND SIGN.

Subscribers must be over 16 and under 65 years of age to avail themselves of this offer. Fill out this blank, write name and address plainly, and the policy will be delivered within a few days. Applicants must remit $3.75 for six months subscription and $7.00 for one year's subscription with this application, for which we will deliver The Daily and Sunday Gazette from the date of signing the application.

This policy does not insure any person who is either partially or wholly blind, deaf, crippled, paralyzed, insane, or subject to epilepsy, fits, sleep walking or vertigo.

This policy does not cover injuries, whether fatal or non-fatal, sustained by any railroad employe (other than executive officers and office force) while on duty, nor injuries, whether fatal or non-fatal, caused or contributed to by disease, voluntary exposure to unnecessary danger, or violation of law on the part of the Assured; nor injuries, whether fatal or non-fatal, sustained by professional bicycle riders, or by any bicycle rider while engaged in racing, or by any bicycle rider while engaged in police patrol or messenger service; nor injuries received by the Assured while intoxicated or under the influence of any drug, except as provided under the head of Anaesthetics; nor disappearance.

Any Subscriber to the Gazette, New or Old

may take advantage of this proposition. Just pay $7.00 for the Gazette a year in advance or $3.75 for six months in advance, and you get both the paper and the Insurance Policy. If you don't already take the Gazette regularly begin it now. It's cheaper to take it by carrier than to buy it on the street, and you're sure of having it every day. There is no better newspaper in all of Colorado than the Gazette. No other Colorado paper is so widely quoted as the Gazette. No Colorado paper gives as much news as the Gazette. You may not agree with the Gazette politically, but you'll like and respect the fairness and strength of its policy. You'll appreciate the reliability of its news, and the absolute impartiality with which it is handled. You'll learn more of the resources of Colorado, and the opportunities of Colorado Springs through the Gazette than through any other Colorado paper.

THE GAZETTE STANDS FOR

The substantial promotion of Colorado's interests; the growth and upbuilding of Colorado Springs; honesty, economy and equality in our governmental institutions; reliability, fair play and purity in its news. The Gazette is more widely read than any other Colorado Springs paper. It is adding readers and admirers every day. Having for its aim the highest possible standard of intellectual, moral and news worth it day by day grows constantly better and greater. It costs the same as inferior newspapers and gives you

MATTHEWS & McMAHAN,
117½ PIKE'S PEAK AVENUE.

SPILLANE & KEARNS,
Wood Ave. and Washington St.
We have had all kinds of luck with our new houses on Wood avenue and Washington street. All the world has come out to see them, and, just as we thought, some of the visitors have found our ideas so good that they have taken them without our leave and put them into their own homes. That is all right in a way, but like all people who don't quite know how to originate, they cannot use the ideas correctly. Thus the houses which we have seen that are modeled after our Swiss and Chinese effects are beautifully mixed up and belong to some style not yet discovered. Next week we will have two houses shaped up that will open the eyes of all the world that loves something beautiful. Just come out and see our new houses and look at the interior of our other houses nearly finished any time from 1 to 6 p. m.
We have a few houses of our own for rent:
A 6-roomed house on Washington st.
A 5-roomed house on Tejon st., 2000 block.
An 8-roomed house, fully modern, at Bijou st., west side, 3 minutes' walk from postoffice.
All houses new and modern. Address us, box 1054.
SPILLANE & KEARNS,
Wood Ave. and Washington St.

J. H. THEDINGA & CO.,
24½ North Tejon Street.

FOR SALE REAL ESTATE

SOME GOOD INTEREST-PAYERS.

20 rooms, close in, north, fully modern, with hot water heat, two baths; it is a handsome place and one that will always be in demand; a corner; it rents for $150 per month; $11,500.

10-room house, located north; it is fully modern; it is newly-faced south; rents for $50 and is a bargain at $4,500.

8 rooms, just completed; is fully modern, including laundry trays in basement; basement is under the entire house and high; it has a full lot; a very attractive place; it will rent for $40; and such easy terms—$500 down and balance just a little less than rent, $35 per month; $3,750.

10-room double house, very close in, east; has small barn, a full lot; rents for $60; a pretty good interest-payer at $4,000.

6 rooms, located on North Nevada; has bath, electric lights, range, cellar and a 50-foot lot; this will rent for $20; better let us show this property; $2,700.

5-room house, with bath, range, cellar, lawn and shade; this house rents for $15; has another 2-room house in rear which rents for $8; the price of this property is $2,500; an extra vacant lot goes in at this price; this is on car line on west side.

5-room house, 1 block from car line on west side; has bath, electric lights, range, cellar, barn, good lawn and shade; it is new and is on a corner, with south and east exposure; 50-foot lot; will rent for $20, and the price is only $2,200.

8-room house and a 5-room house on a lot 95x100; this property rents for $30 per month; would not have to go far to catch a Santa Fe freight train; this property can be bought for $1,700; only $400 down and the balance to suit.

If you are looking for any kind of property, let us talk with you. We have a large list in all parts of the city.

LEGAL NOTICES

STOCKHOLDERS' MEETING OF ST. THOMAS GOLD MINING COMPANY.
Saturday, December 14th, at 10 o'clock a. m., at the office of D. N. Heizer, 10 North Nevada Avenue,
Colorado Springs, Colo., Nov. 14, 1901.
Notice is hereby given that the annual meeting of the stockholders of the St. Thomas Gold Mining Company will be held at the office of the company, 10 North Nevada avenue, Colorado Springs, Colo., upon Saturday, December 14, 1901, at 10 o'clock, a. m., for the purpose of electing a board of directors for the ensuing year and for the transaction of such other business as may properly come before said meeting. Books for the transfer of stock will close Tuesday, December 3, 1901, and reopen immediately after the final adjournment of said meeting.
You are earnestly requested to be present in person or to send a proxy to some one who will represent you at said meeting.
The St. Thomas Gold Mining Company,
D. N. Heizer, Secretary.

THE MOOSE GOLD MINING COMPANY
SPECIAL STOCKHOLDERS' MEETING.
Notice is hereby given that a special meeting of the stockholders of the Moose Gold Mining Company will be held at the office of the company, No. 22 Hagerman building, Colorado Springs, Colo., at 11 o'clock in the forenoon of Saturday, the 23d day of November, A. D. 1901, for the purposes following, to-wit:
1. To consider and act upon the proceedings of the board of directors in reference to the indebtedness of the company and as to tax liens upon its property, and to ratify, or devise and authorize, action for the preservation of the company's property and the discharge of its obligations.
2. To consider and act upon a grant of certain leasehold interests in the company's property.
3. To consider and act upon a grant of an option for the purchase of a portion of the company's property.
4. To consider and act upon a proposition to amend the articles of incorporation of the company by changing the number of directors thereof from five (5) to three (3).
5. To consider and act upon the proceedings of the board of directors heretofore taken in the management of the company's property and finances, and to consider and act upon propositions to be submitted by the board of directors as to the future management thereof.
Books for the transfer of stock will be closed November 20, 1901, and opened three days after the final adjournment of the meeting.
Dated at Colorado Springs, Colo., November 12, 1901.
By order of the board of directors.
John S. Hunt, Sec'y.

NOTICE OF STOCKHOLDERS' ANNUAL MEETING.
Colorado Springs, Colo., Nov. 1, 1901.
The regular annual meeting of the stockholders of the Cripple Creek Consolidated Mining Company will be held at the office of the company, No. 30 Hagerman building, Colorado Springs, Colorado, on Monday, December 2, 1901, at 12 o'clock noon, for the purpose of electing directors for the ensuing year and for the transaction of any other business that may legally come before the meeting. Books for transfer of stock will close Monday, November 25, at 12 o'clock, noon, and remain closed until after the final adjournment of the meeting.
By order of the board of directors.
Geo. M. Irwin, Secretary.
First insertion Nov. 2, 1901.
Last insertion Dec. 2, 1901.

Notice is hereby given that a dividend of five cents per share has this day been declared by the Arrow Gold Mining company, to be paid on Friday, November 29, to stockholders of record on that day. The books for the transfer of stock close on Wednesday, November 27th.
Charles Farnsworth, President.
By Order of the Board of Directors.
November 22, 1901.

Colorado Springs, Colo., Nov. 18, 1901.
Notice is hereby given that the annual meeting of the stockholders of the New Haven Gold Mining Company, for the election of directors and for the transaction of such other business as may properly come before the meeting, will be held at the office of the company, 26 and 27 First National Bank building, Colorado Springs, Colorado, on Monday, December 2, 1901, at 12 o'clock noon.
Books for the transfer of stock will close November 25, 1901, at 12 o'clock noon, and reopen one day after the final adjournment of the meeting.
Asa T. Jones, Secretary.

NOTICE.
To Whom It May Concern:
This is to forbid the sale or transfer of the Star-Kleg and Anaconda mining shares of stock belonging to or standing to the name of Julia B. French.

Notice is hereby given that the deferred meeting of the stockholders of the Lexington Gold Mining Company will be held at the office of the company, No. 12 Giddings block, Colorado Springs, Colo., on Monday, December 2, 1901, at 11 a. m., for the election of officers and the transaction of any other business that may properly come before the meeting.
Transfer books will close December 4 and reopen after final adjournment of meeting.
J. S. Jones, President.
Attest: N. H. Partridge, Secretary.

NOTICE OF STOCKHOLDERS' MEETING.
Colorado Springs, Colo., Nov. 1, 1901.
Notice is hereby given that the annual meeting of the stockholders of the Cripple Creek and Colorado Mining and Milling Company, for the election of directors and for the transaction of such other business as may properly come before the meeting, will be held at New Antlers hotel, Colorado Springs, Colo., on Tuesday, December 3, 1901, at 3 o'clock p. m.
Books for the transfer of stock will close November 25, 1901, at 12 o'clock noon, and reopen one day after the final adjournment of the meeting.
Robert G. Mullen, Secretary.

WEATHER FORECAST.

Washington, Nov. 26.—For Utah and Colorado: Fair Tuesday; warmer in Colorado; Wednesday fair; warmer in western portion; Wednesday generally fair; light to fresh winds.

Satisfied people wear Ashby's spectacles.

FOR SALE—Modern [illegible] cottage at 218 East Jefferson street.

[illegible] nature packed. Padded mouse at Wandell & Lowe, 132 Bakers Row.

HORTICULTURAL SOCIETY—The horticultural society will hold a meeting this evening at 8 o'clock sharp in room 11, Postoffice block.

W. R. C.—The regular meeting of the Woman's Relief corps No. 4 will be held at the G. A. R. hall corner of Huerfano street and Cascade avenue today at 2:30 p. m.

ROYAL ARCH CHAPTER—Stated convocation of Colorado Springs Royal Arch chapter No. 6 this evening at 7:30. Work on the M. M. degree. Visiting companions cordially invited to attend.

NEW STREET SPRINKLER—The new electric street sprinkler which the Rapid Transit and the Suburban Street Railway companies ordered some two or three months ago, arrived yesterday.

A. O. P.—Colorado council No. 168, A. O. P., will meet in regular session this evening in their hall in the DeGraff building. Important business is to be transacted, and all members are earnestly requested to be present. All visiting members will be welcome.

POLICE COURT—Two drunks were up in police court yesterday. Lee Bedford, a negro, in the morning was given $20 and costs, and at 6 o'clock last evening William Fellows was up and received the same sentence. Both were committed.

MARRIAGE LICENSES—The following couples were granted licenses to marry yesterday: Selvin D. Flanders and Mary E. Flynn, both of this city; John S. Airheart, of Cripple Creek, and Emma S. Hedrick, of Kansas City; James Shinock and Mary J. Crowe, both of Colorado Springs.

MRS. ROSE G. PARSONS—Mrs. Rose G. Parsons of this city, died of consumption on Sunday afternoon at about 5 o'clock. The funeral services will be held this morning at 10 o'clock from the residence at 810 East Platte avenue and will be conducted by the Rev. C. B. Wilcox. Interment will be at Evergreen cemetery.

LOYAL TEMPERANCE LEGION—The members of the Loyal Temperance legion are requested to meet at the home of Miss Shobe, No. 15 West Fountain street, this afternoon at 2:45. The members are asked to note that the hour is earlier than usual and are urged to be prompt, as there is important work to attend to.

BUILDING PERMITS—The following building permits were yesterday granted by Building Inspector Coray: To Mrs. Maud L. Taylor for five-room residence and bath, to be erected at 1220 North Weber street, and to cost about $2,700; to J. J. Maehl and James C. Spicer for the erection of a four-room store at 413-15-17-17 South Tejon street, to cost about $6,000.

GIRLS' FRIENDLY SOCIETY—Miss Emily Paddock of New York, assistant secretary and [illegible] of the Girls' Friendly society in America, will address a public meeting in Grace church [illegible] girls are cordially invited. Miss Paddock will describe the methods and the benefits of this very influential church organization.

TEA CONCERTS—The afternoon tea concerts of the Antlers are attracting large crowds of music-loving people. These concerts are given every Monday afternoon, and in the winter it is the intention to give them daily. The time is from 4:30 to 6 o'clock. During this time tea, coffee, chocolate and light refreshments are served at the little tea tables in the rotunda and parlors. Cusser's orchestra plays during this time. The programs are popular operatic airs with occasionally a variation from the classics.

WARRANTY DEEDS—The following warranty deeds were filed for record with the county clerk yesterday: A. A. Walling to Lotitia R. Hooper, lot 18, block 131, $5,000; Colorado Springs Co. to T. P. Day and E. W. Kent, part of the se¼ sw¼ sw¼ sec. 8, section 8, and the ne¼ nw¼ section 17, township 14 south, range 66, west of the sixth principal meridian, comprising 15.07 acres, $9,500; Colorado Springs Co. to Cinekia S. Henderson, lot 18, block L, Edwards' addition, $1,400.

There is probably no disease more distressing and annoying than piles. [illegible] OINTMENT is daily curing cases of years' standing of itching and bleeding piles. The cure begins on the first application, a little perseverance makes the cure complete. Price, 50 cents, in bottles, tubes, 75 cents. Hedley-Arcularius Drug Co.

SILKS

The one big department in our stores is the Silk Department. We do the business of this city in Silks. This is no idle boast, but is an actual fact. We are content to sell good silks on a very close margin of profit and our large trade enables us to always have nothing but new silks.

We want you to feel that our guarantee is back of every yard of silk that this store sells. If a silk won't wear then it has no place in this silk department of ours.

Dollar Silks at 75c Yard.

As a special leader, we place on our bargain table this week a large range of colorings of Louisine Silk, a new soft, serviceable silk.

Stirling Silks

We are agents for Stirling Guaranteed Black Silks, the kind that has mark in the United States, and are made in all popular weaves.

We sell them at fully 50 per cent below the regular prices they are usually sold for.

HIBBARD & CO.
PHONE 671-A 19 SO. TEJON ST.

YOUR TEETH...

We will put your teeth in perfect order by the latest methods of fillings, crowns, bridge or plates. By having a large practice and a thoroughly equipped office, we are enabled to do work at one-half the prices usually charged. Consultation and examination free.

The Chicago Dental Parlors have been established in the city for six years and can give thousands of references.

Get our prices. Open Sundays from 9 to 12.

Ready to Wear Attractions

The special selling events announced from this department are well understood by the buying public, so further description is unnecessary. We will say, however, the specials which we have planned for this week are in every way equal if not better than any proceding.

$22.00 Walking Suits, tailored from good, serviceable cloths, in grey and tan. The popular belt jacket has representation in this lot. Perfect fitting and certainly a bargain at $18.00

$1.25-$1.50 Percale Wrappers, 100 to choose from, good styles, nicely trimmed and in pretty, cheerful patterns. Wrappers that will make any woman a proud possessor. Specially so 85c

$18.00 to $22.50 Tailored Suits, one lot of 15 that we wish to close out rapidly. No better styles, better tailoring, and nothing more desirable in a medium priced suit. While they last $12.50

Infant's Wear

The happiest hours of a mother's life are spent fondling her baby. She loves to hear it coo and prattle, and nothing pleases her more than to have it cunningly attired.

Many pleasant moments can be enjoyed in our infant's section, trying on the various garments.

A new shipment of Booties, Slippers, Moccasins, Knit Sacques, Flannel Petticoats and Stockinette goods, in the form of Diapers, Bibs and Shirts, just opened.

About Underwear

If you would have correct, comfortable, serviceable and reasonably priced underwear you will come to this department. The lines come from America's most prominent manufactories, such as Ypsilanti, Harderfold, Luzern and other popular makes. Union suits and separate garments for the infants, children, men and women, and the price range is so broad as to suit any purse.

BLANKETS and COMFORTS

TO MEET THE MOST CRITICAL DEMANDS we have shown great assortments before, but our present line is far superior to any that have yet graced our counters, by reason of the high qualities offered and the low prices asked. To verify the correctness of this statement patrons have already bestowed unstinted praise on the line. Well do they appreciate our endeavors to place before them the best.

All wool 11-4 extra heavy grey blanket, at per pair $3.50

Fine Clay Blankets at $4.50, $5.00, $6.00, $6.50, $7.00, $8.00 up to $10.00

Fine white blankets at $4.50, $5.00, $6.00 up to $18.00

A choice and complete line of cotton, eiderdown and wool filled comforts.

THE HOSIERY SECTION

Contains everything your hosiery demand could wish. No time is lost in placing new effects in fancy hose as soon as the originate. And our staple lines are par excellence in wear, fit and finish.

Children's School Stockings at 25c

Ladies' 1-1 ribbed hose at 25c and 35c

Ladies' Cashmere Hose at 25c, 35c, 50c, 75c and $1.00
